April 29, 2009

Dear Parent and Guardians:

As you may already know, an outbreak of swine flu has caused the U.S. to issue a public health emergency. Although we do not have any known cases in our area, we are doing everything possible to protect the health of our students and limit the spread of swine flu.

Our school cleaning staff is working diligently to keep our restrooms clean, and we are ensuring that soap, water, and dryers are available for students to use. Our teachers are making sure that students wash their hands before lunch and at any other pertinent times. Our school nurse, Mrs. Belinda Cagle, LPN and our county nurse supervisor, Mrs. Linda League, RN are staying informed and monitoring the situation every day. Winston County Schools Superintendent, Mrs. Sue Reed is also monitoring the situation daily.

I am including some information on the back of this letter. Please review it carefully. If your child is sick, please keep him/her at home until he/she is completely well. Be sure to notify the school if there is a health issue with your child. Please talk with your child about practicing good health practices.

Let me assure you that the health and well being of our students is our top priority and we are doing everything possible to address the situation. Please feel free to contact my office if you have any questions or concerns.

Respectfully,

Sara Ritter, Principal
