## **Preface**

The Winston County Board of Education is established under authority of state law for the purpose of exercising general supervision and administration of the public schools serving school age children who reside within the county limits of Winston County, and of promoting the interests of the Winston County Schools and the children they serve. Those responsibilities are met, in part, by the adoption and implementation of formal policies by which the principles that guide decision-making are established.

Policies are generally broad statements of principle and purpose, and are intended to serve as a framework for decision-making and administrative action rather than as a manual for day-to-day decision making and action. Policies can nevertheless establish specific substantive standards and requirements, including standards of personal and professional conduct, the violation of which may result in disciplinary sanctions or other adverse consequences. However, policies do not restrict the ability of the Board or its employees to respond reasonably and flexibly to unexpected contingencies, emergencies, and other conditions that call for a response that is tailored to unique or special circumstances.

Policies should be construed as a whole and with reference to related policies and applicable law. Although policies are adopted partly for the purpose of meeting the requirements of pertinent law, they do not establish or create a legal right, claim, entitlement, or interest to or in any title, position, assignment, duty, work location, level or rate of compensation, benefit, or term of employment.

Any provision, feature, or aspect of Board policy that does not conform to governing law should be deemed void and superseded by such law. Editorial changes that do not affect the meaning, substance, or application of a policy may be made by the Board without advance public notice and comment. In general, the Board reserves the right to adopt, revise, interpret, amend, repeal, suspend, or apply policies according to its assessment of the needs and interests of the school system, subject only to such limitations on the exercise of such prerogatives as may be imposed by law.

**1.2 Values and Beliefs** –

Students:

- have a shared responsibility for their own learning;
- have individual learning styles, needs, and gifts; education is most successful when these attributes are respected and utilized;
- must be prepared to embrace new opportunities and challenges in order to successfully transition from school to post-secondary education and/or careers;
- school readiness is a critical component of school success.

Parents:

- are a student's first teacher;
- have a shared responsibility for their student's learning;
- must be empowered by schools to prepare for and support their student's learning;
- have the right to be involved and informed about school policies and their student's progress.

Employees:

- Every employee is an educator and has shared responsibility for student learning;
- Effective classroom teachers are critical and assume primary responsibility for student learning;
- Effective leadership is key to student learning;
- Collaboration is fundamental to successful outcomes;
- Advancing the capabilities of all employees is essential to an excellent educational system.

Community:

- Learning is best served when collaboration occurs among students, parents, school and district personnel, and communities;
- Communities benefit from a strong public education system;
- Well managed physical facilities are a community asset and must be specifically designed, constructed, and maintained to advance learning.

Education System:

- Education enhances the quality of life and is the foundation for a strong and free society;
- Education is a dynamic process improved through a continuous cycle of assessment, reflection, and modification;
- Educational resources must be managed effectively, transparently, and equitably;
- High standards and expectations must be maintained through a system of accountability.

#### **3.4 Finance Manual Authorized**

Financial transactions will be administered in accordance with a general finance manual and any local school finance manual that is adopted by the State or that may be developed by the Superintendent and the Chief School Financial Officer and approved by the Board. The finance manual(s) will establish and describe specific practices and procedures that are to be followed in connection with all phases of financial administration, including, but not limited to such matters as accounting, bookkeeping, inventory maintenance, payroll, reconciliation, fund security, receipting, disbursement, purchasing, disposal of property, banking, and investments. The practices, procedures, and requirements set forth in the manual(s) will be disseminated or made available to all employees with administrative responsibilities involving the receipt, handling, or expenditure of school or school system funds, and training will be provided by the Superintendent and the Chief School Financial Officer regarding the contents of the manual(s).

[Reference: ALA. CODE §16-13A-7 (1975)]

### 3.6 *Inventories*

The Superintendent is required to establish effective procedures to account for all materials, equipment, and other Board property. These procedures will include an annual inventory and evaluation of tangible Board property (including fixed assets and supplemental property), to be completed no later than the end of each fiscal year, with appropriate reports submitted to the Superintendent and Chief School Financial Officer. Inventories will be kept on forms prescribed or approved by the Chief School Financial Officer. Inventory forms will show items on hand at the beginning of the fiscal year, items lost, items disposed of, items purchased or otherwise added during the year, and items on hand at the end of the fiscal year.

[Reference: ALA. CODE §16-13A-1, 6 (1975)]

### 3.7 *Purchasing*

Purchases will be made in accordance with an approved purchase order system that will include such requirements and procedures as may be established in the Board Finance Manual.

3.7.1 Procurement of Property and Services – The Board will follow state laws for the procurement of property and services. The primary state procurement laws for Alabama school boards are:

- *Alabama Competitive Bid Laws (Chapter 13B of Title 16, Code of Alabama 1975);*
- *Joint Information Technology Purchasing Agreement (Chapter 13B of Title 16, Code of Alabama 1975); and,*
- *Public Works Law (Title 39, Code of Alabama 1975).*

To the extent allowed by state laws, the board will utilize state, local, regional, and national purchasing agreements where appropriate for the procurement or use of goods and services. All procurement transactions are subject to the Board's *Conflict of Interest Policy* and the procurement decisions of the Board will:

- Avoid acquisition of unnecessary or duplicative goods and services;
- Use the most economical and efficient approach for acquisitions;
- Award acquisition contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the proposed procurement;
- Consider contractor integrity, compliance with public policy, record of past performance, and financial and technical resources prior to awarding procurement contracts;
- Maintain records sufficient to document the history of the procurement; and,
- Conduct procurement transactions in a manner that provides full and open competition.

Procurement transactions for federal programs and child nutrition programs that are not subject to the state procurement laws, but exceed the aggregate amount of the federal micro-purchase threshold, will be obtained by utilizing price or rate quotes from two or more qualified sources. State procurement laws include requirements that comply with the other Uniform Administrative Requirements for procurement of property and services.

The Board will request proposals for those professional service contracts (excluding architectural and engineering services) that are exempt under state procurement laws if the contracts exceed \$150,000 and will be paid from federal or child nutrition program funds. The Board will utilize a team of three or more qualified

individuals to conduct a technical evaluation of proposals received and for selecting recipients. As a part of the evaluation, the individuals on the evaluation team will sign an assurance that each of the individuals is in compliance with the Board's conflict of interest policy.

3.7.2 Determination of Allowable Costs – Before instituting a financial transaction that will require the expenditure of federal funds, the federal program director and the Chief School Financial Officer or designee will determine that the proposed transaction meets the requirements for allowable costs for the federal program. Actions to determine allowable costs will assure that:

- The proposed expenditure is included in the federal program budget;
- The proposed expenditure is reasonable and necessary for the federal program;
- The proposed expenditure is consistent with procedures for financial transactions of the board, including:
  - Purchase order approval procedures;
  - Contract review and approval procedures;
  - Applicable competitive purchasing procedures and;
  - Documentation supports allowability of transaction.

Before payments are made from federal funds the federal program director and the Chief School Financial Officer or designee will determine that the federal program expenditure complies with generally accepted accounting principles and complies with state, local, and federal laws, rules, and regulations.

### **3.8 *Deposit and Expenditure of Funds***

3.8.1 Deposits – All funds of the Board will be deposited with qualified depositories, as defined by law, in the manner prescribed by the Chief School Financial Officer or the Finance Manual.

3.8.2 Investments – The Board authorizes the investment of surplus funds in the manner prescribed by law and approved administrative guidelines.

3.8.3 Expenditures – The Superintendent or his designee may spend funds budgeted for operations without prior Board approval unless the expenditure involves a personal services contract or capital outlay, or is subject to the bid law.

[Reference: ALA. CODE §16-13A-8 (1975)]

3.8.4 Competitive Bid Law – All purchases will be made in compliance with the competitive bid law, when applicable, and with such corresponding rules, regulations, and procedures as may be set forth in the Board's Finance Manual. The Superintendent is authorized to enter into cooperative purchasing agreements with other school systems or local governments as may be permitted by law.

[Reference: ALA. CODE §41-16-50, *et seq.* (1975)]

3.8.5 Authorized Signatures – Checks drawn on the general fund or any special fund, with the exception of school accounts, require the signature of the Chief School Financial Officer or their alternates as designated by the Board. Checks drawn on school accounts require the signature of the principal or the

Chief School Financial Officer. Checks drawn on Board funds may be signed and processed by electronic means, under the direction of the Chief School Financial Officer or Superintendent.

3.8.6 Cash Management of Federal Funds - The Board will minimize the time between the receipt of federal funds from the United States Treasury, the Alabama Department of Education, or other pass-through entity, and the disbursement of those federal funds. Federal funds will only be requested to meet immediate cash needs for reimbursement not covered by prior receipts and anticipated disbursements that are generally fixed, such as monthly program salaries and benefits. Disbursements will be made within twenty business days after receipt of funds.

The Chief School Financial Officer will maintain financial records that account for the receipt obligation, and expenditure of each federal program fund. Cash balances for each federal program fund and for the aggregate of all federal program funds will be monitored daily by the Chief School Financial Officer or designee.

Board procedures to minimize the cash balances in federal program funds are expected to prevent the aggregate cash balances of federal program funds from earning \$500 or more for the fiscal year if maintained in interest-bearing accounts. The federal program funds, with the exception of Child Nutrition Program funds, will not be maintained in an interest-bearing bank account if the Chief School Financial Officer determines that banking requirements for minimum or average balances are so high that an interest-bearing account would not be feasible. Federal program funds will be maintained in insured checking accounts that are subject to the state requirements for public deposits under the SAFE program.

### **3.9 *Employee Compensation***

3.9.1 Salaries and Pay Rates – Except as established and governed by the terms of a special employment contract, Board employees will be compensated at rates of pay that are approved by the Board. When required, such salary or compensation rates will be included in a schedule to be developed and adopted by the Board in accordance with state law. Employees may receive supplements or other additional compensation when specifically approved by the Board. All compensation must be approved by the Board, regardless of the source of funding.

[Reference: ALA. CODE §16-13-231.1 (1975)]

3.9.2 Salary Administration – Employees are expected to fulfill the work requirements of the position held for the full term of their appointment. Compensation will be prorated to reflect the number of days actually worked, subject to appropriate adjustments, credits, and allowances for available leave. Salaries for full time employees will be paid over twelve months, regardless of the contract term. Personnel will be paid in accordance with customary payroll procedures, which may be modified from time to time as the needs of the system require. No employee is entitled to compensation except for work performed by the employee in accordance with an approved contract or the applicable terms of appointment. Compensation may be withheld pending the employee's timely, accurate, and complete submission of all required records, data, and reports.

3.9.3 Salary Deductions – Mandatory salary deductions will be made in accordance with applicable law and employees are required to complete and submit all forms and provide such information as may be required or reasonably required for such purpose. The Board will make voluntary deductions as a

service to employees upon written request of the individual employee. Deductions for membership dues will be based on the membership lists provided to the Board by the organization, unless an employee revokes authorization for such deductions by providing written notice to the Board on or before September 15<sup>th</sup> of each school year. Upon termination of employment, any amounts owed under the terms of an employee authorization will be deducted from the employee's final pay. The Board will not be liable for any good faith error made in implementing a salary deduction that has been authorized by the employee.

[Reference: ALA. CODE §16-22-6 (1975)]

3.9.4 Minimum Wage and Overtime – In compliance with the Fair Labor Standards Act (“FLSA”), the Board will pay required minimum hourly wages and overtime to all employees who are not exempt employees under the FLSA. For purposes of determining overtime, the workweek begins at 12:01 a.m. on Monday and ends at midnight on the succeeding Sunday. All non-exempt employees who work more than forty (40) hours in a work week will be paid overtime. Employees must accurately report all time worked for the Board. Non-exempt employees are not authorized to work more than forty (40) hours in a workweek without specific direction or authorization to do so by the Superintendent, the employee's supervisor, or the supervising school principal.

3.9.5 Compensatory Time – Non-exempt employees who work more than forty (40) hours in a work week may, upon agreement between the employee and the Board, be paid overtime in the form of compensatory time. Compensatory time will be based on time worked beyond forty (40) hours in a workweek, and will be recorded in minimum time units of one-quarter hour rounded to the nearest quarter of an hour. No more than two hundred forty (240) hours of compensatory time may be accumulated. The Board reserves the right to require an employee to use compensatory time as its needs require and may “pay down” any compensatory time balance in its discretion. The Superintendent is hereby authorized to develop procedures and forms for use in implementing this policy.

3.9.6 Payroll Administration – The principal is required to furnish the bookkeeping department of the Board a payroll report containing the names of his staff. The report payroll must show the number of days worked by each certified and noncertified staff member and the number of days absent, as well as the cause of absences. It must also show the names of any substitute employees used, the dates they served, and for whom they worked.

Payroll checks for personnel are due and available on or before the last calendar day of each month except when state payments are not available and in no circumstance payable later than the 10th day of each month.

All payroll payments may be made to all personnel through ACH Direct Deposit and automatically deposited into the individual employee's account of their financial institution. The principal of each local school shall distribute direct deposit statements/stubs to local school employees. During holidays and the months of June-July, statements/stubs may be mailed to the last known address of employees.

Salaries for some personnel are earned based on differing employment contracts, normally in nine (9), ten (10), or eleven (11) months; however, all regularly employed personnel of the School System shall be paid over twelve (12) months. Since the majority of personnel are paid for a 187 day school session, an employee serving less than 187 days without accumulated sick leave or personal leave days will

receive a pro rata share of the contracted salary. Any deductions withheld from payroll checks will be clearly identified by purpose and reason, including the number of days for which deductions were made. All supplementary remuneration for temporary extra duty activities shall be paid on a monthly basis. Unused personal leave days for personnel shall be paid by a supplemental check to be issued with the June payroll checks.

Employees have the option to convert any unused personal days to sick days.

### **3.10 *Expense Reimbursement***

Board members and employees will be reimbursed for reasonable expenses for transportation, lodging, subsistence, and related items (travel costs, collectively) incurred in connection with official Board business. Reimbursement will be in accordance with Board approved rates and such procedures and standards for submitting and documenting such expenditures as may be developed by the Chief School Financial Officer or provided in the approved Winston County Board of Education Financial Procedures. Reimbursement and payments for travel costs of employees paid from federal funds will be consistent with travel costs for employees paid from state or local funds.

### **3.11 *Fees, Payments, and Rentals***

3.11.1 Facility Use Fees – The Superintendent is authorized to develop a schedule of reasonable fees for use of Board facilities and property by individuals, groups, or organizations that shall be effective upon approval by the Board.

3.11.2 Copying and Other Charges – The Superintendent is authorized to establish a schedule of reasonable charges which, upon approval by the Board, will be applied uniformly in response to requests for copies of documents and records. Nothing in this policy or in any schedule of charges authorized hereunder creates or expands any entitlement to copies of records or access thereto beyond that which is established by law or specific Board policy.

### **3.12 *School Accounts***

Funds held in school accounts, regardless of the funding source, will be maintained and accounted for in accordance with the Board's Finance Manual, Local School Finance Manual, and such procedures, rules, and regulations as may be developed by the Chief School Financial Officer and the Superintendent. The principal is ultimately responsible for all school funds and for ensuring that such funds are properly accounted for and secured.

### **3.13 *Authority to Execute Contracts***

3.13.1 General Authority – The president of the Board, or, in the absence of the president, the vice-president, will have authority to execute contracts on behalf of the Board upon approval of the contract by the Board. The Board may also authorize the Superintendent to execute contracts on behalf of the Board as its chief executive officer.

3.13.2 Limitation on Authority to Bind the Board – Principals and other administrators will have authority to enter into agreements with third parties only when such agreements are made in accordance with

Board policy, finance manual(s) created under authority of Board policy, or with the express authorization of the Board.

### **3.14 *Affiliated Organizations***

3.14.1 School Sponsored Organizations – School-sponsored student organizations will be subject to Board policies and procedures concerning fiscal management and will maintain organization funds in school accounts. All books, records, and official documents pertaining to the management of such organizations will be maintained at the local school and will be subject to examination and audit by the Board, the Principal, or the State Examiners of Public Accounts. The use of funds collected, generated, or held by such organizations will be determined in accordance with the constitution, charter, or by-laws of the organization, with oversight by the sponsor of the organization, and subject to approval of the principal.

3.14.2 Booster Clubs, Parent-Teacher Associations, and Other Affiliated Organizations – Other organizations that are affiliated with local schools are permitted to operate or raise funds on Board property or at Board sanctioned events only in conformity with Board and State Department of Education policies, procedures, and standards concerning the fiscal management of such organizations. An affiliated organization must conduct an annual audit of its financial operations and make its books and financial records available to the Board for review or audit.

Fundraising activities will be permitted on school or Board property only if the following criteria are satisfied:

- a. The principal's approval must be obtained.
- b. The activity will be held at a time and in a manner that will not be disruptive to the instructional program or to any other school or school system activity or function;
- c. The activity is designed and intended to support a *bona fide* school or school system program or activity, or an activity that is consistent with the mission and purposes of the school system;

The child nutrition program manual will establish and describe specific practices and procedures that are to be followed in connection with the child nutrition program, in accordance with USDA, state, and local guidelines. The practices, procedures, and requirements set forth in the manual will be disseminated or made available to all employees with child nutrition program responsibilities, and training will be provided regarding the content of the manual.

### **3.17 Fund Balance Policy in Accordance with GASB Statement No. 54**

3.17.1 Governmental Funds Definitions – The following definitions will be used in reporting activity in governmental funds. The Board may or may not report all fund types in any given reporting period, based on actual circumstances and activity.

- a. The General Fund is used to account for and report all financial resources not accounted for and reported in another fund.
- b. Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.
- c. Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest, even if it is being accumulated for future years' payments. Debt Service Funds should be used to report resources if legally mandated.
- d. Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

3.17.2 Fund Balances – Fund balances will be reported in governmental funds under the following five categories using the definitions provided by GASB Statement No. 54:

- a. Nonspendable fund balances include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained in-tact. Examples of nonspendable fund balance reserves for which fund balance shall not be available for financing general operating expenditures include: inventories, prepaid items, and long-term receivables.
- b. Restricted fund balances consist of amounts that are subject to externally enforceable legal restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation. Examples of restricted fund balances include: restricted grants.
- c. Committed fund balances consist of amounts that are subject to a purpose constraint imposed by formal action of the Board before the end of the fiscal year and that require the same level of formal action to remove the constraint.

d. Assigned fund balances consist of amounts that are intended to be used by the school system for specific purposes. The Board authorizes the Superintendent and Chief School Finance Officer to make a determination of the assigned amounts of fund balance. Such assignments may not exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund. Assigned fund balances require the same level of authority to remove the constraint.

e. Unassigned fund balances include all spendable amounts not contained in the other classifications. This portion of the total fund balance in the general fund is available to finance operating expenditures.

3.17.3 Priority – When expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it shall be the policy of the Board to consider restricted amounts to have been reduced first. When an expenditure is incurred for the purposes for which amounts in any of the unrestricted fund balance classifications could be used, it shall be the policy of the Board that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts.

3.17.4 Review and Reporting – The Board of Education along with the Superintendent and Chief School Finance Officer will periodically review all restricted, committed, and assigned fund balances. The Chief School Finance Officer will prepare and submit an annual report of all restricted, committed and assigned funds for the Board of Education.

Nothing in this policy shall be construed as imposing an affirmative duty on the school principal; the principal’s designee; any member of the school board, staff, faculty, or any other agent, representative, or other associated party of the school board to investigate or determine the sex offender status of any individual prior to, or upon, that individual’s entering on school property or arriving at a K-12 school activity.

### **4.3 Accreditation**

The Board will implement and adhere to such accreditation policies, principles, standards, and procedures as may be established or required by AdvancedEd as a condition to receiving or maintaining accreditation.

### **4.4 Use of Board Equipment, Supplies, Materials, Vehicles**

Equipment, supplies, materials, vehicles, and other movable or consumable property owned by or under lease to the Board may not be used by or made available to persons or entities for private or personal use, benefit, or consumption, or for any non-Board related use or purpose. Such property may not be removed from Board premises except as necessary to serve a school or Board-related function or purpose, and with the Knowledge and approval of the appropriate supervisor, administrator, or the Superintendent.

### **4.5 Use of Board Facilities**

Use of Schools and other Board owned or controlled facilities may be made available for use by sanctioned or generally recognized school support organizations if the use of the facility will not disrupt school operations or be inconsistent with the purpose and mission of the school system, and if adequate advance provision is made for security, supervision, maintenance, damage prevention, post-event clean-up, liability insurance, and other risk management measures appropriate to the proposed use. Use of Board facilities for non-school organizations may be approved if the foregoing conditions are satisfied and a rental contract (or the equivalent thereof) that includes a reasonable fee or rental charge and other appropriate terms and conditions is approved by the Board.

### **4.6 Complaints and Grievances**

4.6.1 General Complaints (Grievances) – Subject to the limitations set forth below and elsewhere in this policy manual, any employee or member of the public may present to the Board a concern, complaint, grievance, or request for corrective action regarding any aspect of school system operations. Before requesting corrective action or relief from the Superintendent or the Board, persons with such complaints, grievances, or requests should present them for resolution to the employee, supervisor, or administrator at the lowest administrative level who has the authority and ability to address the problem or to implement the requested action. The

Superintendent is authorized to develop specific procedures that will provide for fair consideration and orderly review of complaints and grievances. Such procedures may not unreasonably burden or delay the presentation or processing of such matters, and will be subject to Board review, modification, and approval.

4.6.2 Limitations Regarding Availability and Application of General Complaint/Grievance Policy – The general complaint/grievance policy and any procedures adopted thereunder do not apply to specific complaint or grievance policies and procedures that are established by Board policy or law for application to special factual or legal circumstances (e.g., sexual harassment grievance procedures; review of personnel matters under the Alabama teacher tenure or fair dismissal laws; “due process” hearings provided under the Individuals with Disabilities Education Act). In such instances, the specific statutory, regulatory, or policy based process is the applicable procedure. The general complaint/grievance procedures that are authorized under the terms of this policy may not be invoked for the purpose of challenging or seeking review or reconsideration of adverse personnel decisions that have received final Board approval. A grievance may be based on an alleged misapplication of Board policies, regulations, or procedures, but may not be used to challenge the Board’s exercise of its discretion to adopt, approve, modify, or repeal a policy, regulation, or procedure or on its failure to exercise such discretion (e.g., adoption of a school calendar, compensation policies, etc.).

4.6.3 Student Complaints and Grievances – Complaints, grievances, and requests for corrective action may be brought to the attention of the Board by or on behalf of students with respect to academic, athletic, extracurricular, or other nondisciplinary matters, issues, and concerns only after reasonable efforts to resolve the matter at the school and administrative levels have been exhausted. The Superintendent is authorized to develop specific procedures that will provide for fair consideration and orderly review of such complaints and grievances. Such procedures will not unreasonably burden or delay the presentation or processing of the complaint or grievance and will be subject to review and approval by the Board. Administrative judgments concerning academic or curricular matters or participation in extracurricular activities may be set aside by the Board only upon a showing that the action or decision in question is arbitrary and capricious, fundamentally unfair, or that it violates Board policy or the student’s legal rights.

4.6.4 Student Disciplinary Matters – The Board may consider appeals of student disciplinary decisions or actions in accordance with standards and procedures specified in the policy and the Code of Student Conduct.

- b. *Complaint Form* – The complaint should be in writing and contain information about the alleged discrimination including the name, address, phone number of complaining party and location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint, will be made available for persons with disabilities upon request.
- c. *Complaint Process* – The complaint should be submitted to the ADA Coordinator as soon as possible, but no later than thirty (30) days after the alleged violation. The ADA Coordinator will meet with the complaining party to discuss the complaint and possible resolutions. Within fifteen (15) calendar days of the meeting, the ADA Coordinator will respond in writing, and

where appropriate, in a format accessible to the complaining party, such as large print, Braille, or audio tape. The response will explain the position of the Board and offer options for substantive resolution of the complaint.

- d. *Appeal Procedure* – If the response by the ADA Coordinator does not satisfactorily resolve the issue, the complaining party may appeal the decision within fifteen (15) calendar days after receipt of the response to the Superintendent. Within fifteen (15) calendar days, the Superintendent will respond in writing, and where appropriate, in a format accessible to the complainant, with a final resolution of the complaint.
- e. *Records Retention* – All written complaints received by the ADA Coordinator, appeals to the Superintendent, and records relating thereto will be retained by the Board for at least three (3) years.

#### **4.9 Internet Safety and Use of Technology**

4.9.1 Access to Technology Resources – The Board permits restricted and conditional access to and use of its technology resources, including but not limited to computers, the “Internet,” network storage areas, and electronic mail. Such access and use is restricted to employees, students, and other persons who are engaged in *bona fide* educational and administrative activities that serve and are consistent with identified educational objectives or authorized support functions, and who, by signing an “Acceptable Use Agreement,” agree to abide by all Board policies, rules, and regulations regarding technology use. The Acceptable Use Agreement will be developed by the Superintendent for approval by the Board.

4.9.2 Restriction or Loss of Technology Privileges – Persons who violate any Board policy, rule, or regulation regarding technology use may be denied use of the Board’s technology resources and may be subject to additional disciplinary action.

4.9.3 Ownership of Technology Resources and Data – All technology resources, including network and Internet resources, e-mail systems, and computers or other access devices owned, leased, or maintained by the Board are the sole property of the Board. Board personnel may, at any time and without prior notice, access, search, examine, inspect, collect, or retrieve information of any kind from the Board’s technology resources, including computer or related equipment, files, and data, to determine if a user is in violation of any of the Board’s policies, rules, and regulations regarding access to and use of technology resources, for or in connection with any other matter or reason related to the safe and efficient operation or administration of the school system, or for any other reason not prohibited by law. Users of school system technology resources have no personal right of privacy or confidentiality with respect to the use or content of such resources.

4.9.4 Adoption of Rules and Regulations – The Superintendent is authorized to develop for Board approval additional or more specific rules and regulations regarding access to and use of its technology resources and to require adherence to such rules and regulations through such means as the “Acceptable Use Agreement” and application of appropriate disciplinary policies and procedures. Such rules and regulations will address or provide:

- a. Measures to block or filter Internet access to pictures that are obscene, that constitute child pornography, or that are harmful to minors;
- b. Restriction of access by minors to inappropriate material on the Internet;
- c. The safety and security of minors when they are using electronic mail, chat rooms, and other forms of direct electronic communications;

- e. Unauthorized disclosure, use, and dissemination of personal information regarding minors; and
- f. Restriction of minors’ access to harmful material.

4.9.5 Limitation on Liability – The Board makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the Board’s technology resources will be error-free or without defect. The Board will not be responsible for any damage users may suffer, including but not limited to loss of data or interruption of service.

[Reference: 47 U.S.C. §254(h) and (l)]

4.9.6 Cyberbullying - Cyberbullying includes, but is not limited to, the use of email, text messages, picture messaging, video messaging, instant messaging, social networking sites, and all other forms of electronic communication to spread rumors, harass, intimidate, or threaten a student or Board employee.

#### **4.10 Political Activity**

Board employees may participate in national, state, county, or city political activities to the full extent permitted by the United States Constitution and federal and state laws securing the right to engage in such activities, subject to the following restrictions:

- a. Employees may not appropriate Board property or resources for use in political campaigns, and may not engage in partisan political activities (including but not limited to the distribution of campaign material or literature) during regular school or duty hours or at Board sponsored or sanctioned events, functions, or at activities at which the employee is on duty or assigned official responsibilities;
- b. Employees may not represent their political beliefs or positions on political matters to be those of the Board or other Board officials, or to falsely assert or imply that their political activities or positions are endorsed by or undertaken in the name of the Board or other Board officials;
- c. Candidates and representatives of candidates for political office may not invite or allow announced candidates for political office to address student groups except when such candidates are participating in a forum or like format that is designed to provide all candidates the opportunity to participate. Such forums may be conducted only for appropriate age groups, and with the advance approval of the school principal and the Superintendent; and
- d. Political signs may not be placed on schools or school board property. Campaign literature and other material may not be distributed on Board property during the regular school or work day, and may not be distributed at school or Board sponsored events or activities in a manner that impedes the normal and safe movement of pedestrian or vehicular traffic, that creates any other safety hazard or risk, or that disturbs or disrupts the function, activity, or event.
- e. Employees are forbidden from soliciting funds or contributions for political purposes from subordinate employees at any time.
- f. Employees seeking public office may continue to hold their employment positions as long as all political activities are conducted on their personal time.

#### **4.11 Communicable Diseases**

Staff will observe the current guidelines and advisories for the control of communicable diseases in public schools as recommended by the state Department of Public Health. In the event a student or employee contracts a communicable disease not presently controlled by the Health Department, the superintendent will request the department to advise the board regarding appropriate infection prevention.

School staff members are expected to alert their supervisors if a student's health condition or behavior or their own health condition presents reasonable risk of transmitting any infection.

If a situation occurs at school in which a person might have been exposed to an infectious agent, such as an instance of blood to blood contact, school authorities will counsel that person, (or, if a minor, alert a parent or guardian) to seek appropriate medical evaluation.

A teacher who has completed the certification process but has not received the certificate may be employed on tentative or temporary compensation pending verification of certification from the State Department of Education. Upon receipt of such verification, appropriate adjustments will be made to the teacher’s salary. If a teacher earns a higher certificate that merits increased compensation under the approved salary schedule, any salary increase will become effective upon Board approval following receipt of documentation of the new certification from the State Department of Education.
- d. *Substitute Teachers* – Substitute teachers must, at a minimum, be age 21, possess a high school diploma and valid and current Alabama Substitute Teacher’s Certificate or Alabama Teacher’s Certificate.

- 5.2.1 Application Procedures – Job applicants for all positions must file an application with the Board. Applications must be completed in full. All information provided in the application must be truthful. Any misrepresentation of a material fact on an employment application may disqualify the applicant from consideration for the position and may subject an employee to adverse employment action, including termination.
- 5.2.2 Qualifications – Applicants must meet the minimum qualifications of the position as provided in Board policy, the job description for the position, the posted advertisement for the position, or as may otherwise be established by the Board, applicable law, or regulation. Applicants must hold such degrees, licenses, certificates, and like credentials as may be necessary, appropriate, or customary for the position in question.
- 5.2.3 Hiring Authority – The Board is responsible for making all final hiring decisions, and no hiring decision is official, final, or effective unless and until it is approved by a vote of the Board. No principal, administrator, supervisor, or other employee has authority to hire an applicant without Board approval or to commit the Board to specific action regarding employment.
- 5.2.4 At-Will Employment – Except as may otherwise be provided or required by law, by contract, or by the specific terms of their appointment, all personnel are deemed “at-will” employees and may be terminated, demoted, reassigned, suspended, or disciplined with or without pay, or with reduced pay, and with or without cause.
- 5.2.5 Nepotism
  - a. *Employment of Family Members* – Board members, administrators, or supervisors may not use their positions to directly or indirectly seek or secure the employment of any family member as defined in the Alabama Ethics Law.

## **5.3 Tuberculosis Tests for Employees**

The following provisions shall apply to employees of the School System with respect to testing for tuberculosis:

- a. Newly employed personnel, including teachers, janitors, bus drivers, food handlers, aides, and other persons who have direct contact with children are recommended for an initial examination for tuberculosis.
  - 1. New employees should be tuberculin skin tested initially at the time they are employed. If the skin test is negative, no further skin testing or examinations are required.

2. If the tuberculin test is positive, a chest x-ray is recommended. If the chest x-ray is essentially negative, INH preventive therapy will be highly recommended for persons under 35 years of age, unless there are medical contradictions.
  3. Persons over 35 with a positive skin test and negative chest x-ray will be considered for INH preventive therapy on an individual basis, depending upon other risk factors and the clinical judgment of the physician.
  4. After the initial examination of all new employees for tuberculosis, no further annual skin testing or x-raying is recommended unless the local health officer or physician considers it necessary. Further procedures, such as sputum examinations, may be requested by the local health officer or clinician as deemed necessary.
- b. If a female employee is employed in the first trimester of her pregnancy and is found to be skin test positive and asymptomatic, she may be x-rayed on the anniversary date of her employment or within a calendar year.
  - c. The State Committee of Public Health recommends that routine measures of supervision, as indicated by the Tuberculosis Control Program Guidelines, should be followed where a case is found in a school. The contacts should be investigated, examined, and considered for preventive therapy in accordance with the tuberculosis program guidelines.
  - d. Educational programs relating to respiratory diseases, including tuberculosis, for students and employees should be encouraged at both the local and state levels.

#### **5.4 *Probationary Employment***

Employees are required to serve the maximum period of any probationary service provided or permitted by law before tenure, non-probationary status, or any other statutorily sanctioned form of employment security will be recognized by the Board.

#### **5.5 *Non-Teaching Supplemental Duties***

Compensation in the form of supplements may be paid for non-instructional supplemental duties in accordance with rates specified or established for such duties in the Board's official salary schedule. Such duties include coaching and sponsorship of athletic support organizations (e.g., cheerleaders, band director). Such supplemental duties are considered additional nonteaching assignments to be made and approved on an annual basis or otherwise as the needs of the school require. Such supplemental duties are not considered to be a part of a teaching contract or appointment, and no tenure, continuing service status, non-probationary status, or contractual right to continued employment or compensation for such supplemental assignment will be recognized or implied in the absence of a separate written contract of employment providing for such rights.

#### **5.6 *Professional Development***

The Superintendent will develop and implement an ongoing program of professional training and development that is designed to enhance the competencies of professional and support staff. Employee attendance and participation in such training institutes, workshops, seminars, and programs may be made mandatory by the Superintendent. The unexcused failure of an employee to attend or participate in such

professional development activities may constitute grounds for termination of employment or other disciplinary action.

## **5.7 Employee Conflicts of Interest**

5.7.1 General Provisions – Generally, a conflict of interest exists when a board member, board employee, or agent of the board participates in a matter that is likely to have a direct effect on his or her personal and financial interest. A financial interest may include, but is not limited to, stock ownership, partnership, trustee relationship, employment, potential employment, or a business relationship with an applicant, vendor, or entity. A board member, board employee, or agent of the board may not participate in his or her official capacity in a matter that is likely to have direct and predictable effects on his or her financial interest.

A board member, board employee, or agent of the board will abide by the federal and state laws and regulations that address conflict of interest standards. In general, the federal rules provide that:

*No employee, officer, or agent of the board shall participate in selection, or in the award or administrations of a contract supported by federal funds if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs, or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from the firm considered for a contract. The board's officers, employees, or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subcontracts.*

The board's conflict of interest policies include adherence to the Alabama Ethics Law, which defines a conflict of interest as:

*A conflict on the part of a public official or public employee between his or her private interests and the official responsibilities inherent in an office of public trust. A conflict of interest involves any action, inaction, or decision by a public official or public employee in the discharge of his or her official duties which would materially affect his or her financial interest or those of his or her family members or any business with which the person is associated in a manner different from the manner it affects the other members of the class to which he or she belongs.*

A board member, board employee, or agent of the board may not review applications, proposals, or participate in the evaluation or selection process where his or her participation in the review process would create the appearance that he or she is: (a) giving preferential treatment; (b) losing independence and impartiality; (c) making decisions outside official and appropriate channels; or (d) harming the public's confidence in the integrity of the board.

Situations and circumstances presenting an actual conflict of interest or the appearance of a conflict of interest should be brought to the immediate attention of the superintendent. A board employee, board member, or agent of the board who has knowledge of a possible conflict of interest should identify the conflict and notify the superintendent. The superintendent will document his or her actions related to the reported conflict of interest. Resolution can consist of disqualification, recusal, waiver, or other appropriate measures. Appropriate measures may include reporting a conflict of interest to the State Ethics Commission, the Alabama State Board of Education, or the appropriate federal agency.

5.7.2 Outside Employment – Employees may not use their offices or positions for personal gain and must adhere to applicable provisions of the Alabama Ethics Law. Employees may only engage in outside employment under the following terms and conditions:

- a. Employees will not engage in outside business activities or render any service for another employer during such time as duties and responsibilities have been assigned by the Board;
- b. Employees will not accept outside employment that would interfere with or impair the ability of the employee to perform duties as a Board employee effectively;
- c. Employees may not accept work that could compromise the employee’s independent judgment in the exercise of duties for the Board;
- d. Employees may not use or disclose confidential information acquired through Board employment for their personal gain or for the benefit of a third party.

### 5.7.3 Gifts

- a. *By Students* – Staff members may accept gifts from students on special occasions. Staff members should always use good taste and adhere to the code of professional ethics when accepting gifts from students. In no case shall school funds be used to purchase said gifts unless the funds are raised for that purpose.
- b. *By Staff Members* – Staff members may accept gifts from other staff members provided they are given on a voluntary basis. In no case shall school funds be used to purchase said gifts.
- c. *By Outside Agencies or Individuals* – Staff members shall not accept gifts from outside agencies or individuals that are a result of, or a precondition to, business transactions between the School System and said agency or individual. Meals or “hospitality houses” provided by vendors at conventions or sponsored workshops are deemed appropriate and will be exceptions to this policy.

### 5.7.4 Tutoring for Pay by Professional Personnel

- a. *Private Tutoring* - Professional personnel shall not receive pay or its equivalent for out-of-school tutoring of students in their classes when the outside tutoring is in subject areas taught during the regular school day by said employees. Tutoring for any form of remuneration shall not be done during the regular school hours.
- b. *School Sponsored Tutoring* - Professional personnel may engage in tutoring of students in their classes when such tutoring is a part of school sponsored programs. Such remuneration for such tutoring shall be paid through the School System.

## 5.8 **Employee Evaluations**

5.8.1 Certified Personnel – Certified employees (other than contract principals) will be evaluated in accordance with an evaluation program approved for use by the Alabama State Board of Education.

Contract principals will be evaluated in accordance with rules, regulations, and requirements promulgated by the State Department of Education or as may otherwise be permitted by law.

5.8.2 Non-Certified Personnel – Non-certified personnel will be evaluated in accordance with criteria and procedures to be developed by the Superintendent and approved by the Board. The evaluation criteria and procedures will, at a minimum, include the following:

- a. A structured evaluation cycle or schedule that may include unannounced observations or assessments during the course of the evaluation period;
- b. A written evaluation form that specifies job-related evaluation criteria;
- c. Group or individual employee orientation regarding the evaluation process;
- d. An opportunity for the employee to confer with the evaluator following the evaluation; and
- e. An opportunity for the employee to disagree (in writing) with the evaluation and to have the disagreement maintained with the evaluations.

5.8.3 Use of Evaluations in Connection With Employment Decisions – Employment evaluations may be considered in making employment decisions, together with such other information and considerations as may reasonably bear upon the wisdom, necessity, or advisability of the employment decision. However, employment evaluations are intended to enhance the overall quality of the school system’s instructional program and are not intended to confer, constitute, or give rise to any individual right, entitlement, or enforceable expectation of continued employment or advancement. Accordingly, except as may be specifically provided otherwise in state law applicable to “contract principals,” employees do not acquire any employment right or right of legal action based on any actual or alleged failure on the part of the Board or the evaluator to follow specific evaluation policies, regulations, or procedures.

5.8.4 Special Evaluation Situations – The Superintendent, the Chief School Financial Officer, and other employees who serve in positions of special trust or sensitivity may be evaluated by such means as the Board deems appropriate and as may be permitted by law or applicable regulation.

5.8.5 Exempt Personnel – Except when required by law or contract, temporary, substitute, and occasional employees, or employees appointed to supplemental positions (e.g., coaches, extracurricular activity sponsors) will not be formally evaluated in those roles.

## **5.9 Personnel Records**

5.9.1 Content of Personnel Files – A central personnel file will be maintained for all regular employees. The personnel file may contain information regarding the employee’s current assignment, payroll status, and work history, including but not limited to job qualifications, certification, licenses, employment contract(s), evaluation data, disciplinary information, and such other documents, written materials, and data as may be reasonably deemed necessary and appropriate by the Board for sound and efficient personnel administration. Anonymous material and other matters that are prohibited by law, regulation, or Board policy from being maintained in personnel files may not be included therein. An employee may inspect and review the contents of their own personnel file upon request. Employees

may reasonably supplement or respond in writing to any material contained in the personnel file with which they disagree and such responses will also be included in the personnel file.

- 5.9.2 Alternate Data Storage – Personnel file data may be stored or maintained electronically or digitally.
- 5.9.3 Confidentiality – In general, the contents of an employee’s personnel file will be deemed confidential except for documents, information, and materials that are matters of public information or public record under applicable state or federal law.
- 5.9.4 Access to Personnel Files – Board members, the Superintendent, Board administrators (including principals), employees with duties pertaining to human resources, and other persons whose duties reasonably require access to personnel files are authorized to view, copy, and use the contents of personnel files for purposes that are required by or in keeping with their official duties on behalf of the Board.

## **5.10 Employee Leave**

- 5.10.1 Work Attendance an Essential Job Function – Punctual, regular attendance is an essential job function of every job and position, and employees are expected to report to work when scheduled to work and to remain at work each working day.
- 5.10.2 Absences – Except as otherwise authorized under Board policy, employees may be absent from work only in the following circumstances:
  - a. Illness, injury or other qualifying reason for sick leave or on-the-job injury leave under state law or the Family Medical Leave Act;
  - b. Personal leave;
  - c. Vacation leave;
  - d. Professional leave;
  - e. Military leave;
  - f. Voting service;
  - g. Court leave;
  - h. Other unpaid leave that is specifically approved by the Board upon a showing of substantial hardship or extraordinary circumstances.

Employees who know in advance that they will be absent from work must notify the Board of the expected absence in accordance with procedures specified by the Superintendent or the Board. In the event of an emergency or incapacity that makes advance notice impractical, employees must notify the Board of their absence as early as possible. Except as otherwise provided or permitted, an employee who is absent from work without approved leave will be considered absent without leave in violation of Board policy and subject to appropriate disciplinary measures. Employees who are approved for paid leave or absences will be paid at the regular daily rate of pay; however, a day of paid leave or absence

will not be counted as a day worked for the purposes of computing overtime under the Fair Labor Standards Act. Pay will be reduced on a *pro rata* basis for leaves or absences not covered by sick, vacation, personal, or other appropriate form of paid leave. The continuation of benefits during an approved absence is subject to the provisions of the particular benefit policy or plan.

### 5.10.3 Paid Sick Leave

- a. *Persons Eligible for Paid Sick Leave* – All regular full time employees are eligible for paid sick leave.
- b. *Earning and Accumulation of Paid Sick Leave* – All eligible employees earn sick leave days at the rate provided for in state law. Nine or ten month employees who work during summer school earn one sick day for the entire summer session. Eligible employees may accumulate sick leave as provided by state law.
- c. *Use of Sick Leave* – Eligible employees may only use paid sick leave for absences caused by the following:
  1. Personal illness;
  2. Incapacitating personal injury;
  3. Attendance upon an ill member of the employee’s immediate family, defined as a spouse, parent, child, sibling or any person with a close personal tie;
  4. Death of a family member, including a spouse, parent, child, sibling, mother or father-in-law, son or daughter-in-law, brother or sister-in-law, nephew or niece, grandparent, grandchild, aunt or uncle;
  5. Death or care of an individual with whom unusually strong personal ties exist because of a relationship other than those listed above.
- d. *Certification* – Employees must certify that sick leave was used for one of the reasons provided in state law and specify the reason. If the employee’s principal or department head has probable cause to believe that an employee has abused or misused sick leave, a physician’s statement verifying the existence and nature of the illness or medical condition may be required by the Board. Abuse of sick leave may subject the employee to disciplinary action.

### 5.10.4 On-The-Job Injury Leave – On-the-job injury includes an accident or injury to an employee that occurs in the course of performing job duties for the Board or when the employee is directed or requested by the employer to be on the property of employer and which prevents the employee from working or returning to the job. Employees who are accidentally injured on the job may be approved for paid “on the-job injury” leave without using sick days, provided that:

- a. The injured employee submits written medical certification from the attending licensed physician stating that the employee was injured and cannot return to work due to a specified injury, if there is a reasonable expectation that the employee will return to work and, if so, the

expected date of that return. The Board may require a second opinion from a Board specified physician, at its expense.

- b. The employee submits a signed written account of the accident attested by a principal or department head within twenty-four (24) hours after the injury occurred. If the injured employee is not able to notify the Board, another person reasonably knowledgeable about the employee's condition and circumstances leading to the injury may provide the required notification.

Upon a determination that the employee has been injured on the job and cannot return to work, the Board may maintain the employee's salary and benefits for the period of incapacity caused by the injury, not to exceed ninety (90) days. An employee who is injured on the job may file a request for unreimbursed medical expenses and costs with the State Board of Adjustment. The Board will provide such reasonable assistance to the employee in filing the Board of Adjustment claim as is required by law, but assumes and will have no responsibility or liability for processing the claim or directly reimbursing the employee any unreimbursed medical expenses and costs. On-the-job injury leave will be administered in accordance with and subject to the requirements and limitations imposed by state law regarding such leave.

[Reference: ALA. CODE §16-1-18.1 (1975)]

5.10.5 Personal Leave – All regular, full time employees are eligible for two (2) noncumulative personal leave days each scholastic year without loss of pay. Certified employees may be compensated for unused personal leave at the end of the school year at the same daily rate of pay used for substitute teachers, or they may choose to convert unused personal leave days to sick leave days. Any unused personal leave for support personnel will be converted to sick leave days at the end of the school year. All regular, full time employees are eligible to take three (3) additional personal leave day for which the employee will be charged an amount equal to the average daily rate of pay for a substitute teacher, whether a substitute is required, as follows:

<i>Years of Service</i>	<i>Days Paid by the Employee</i>

11-15	2
16-20	1

b. *Vacation Benefits* – Eligible employees will earn vacation benefits as follows:

Twelve-month employees will be granted 1 vacation day leave per month (12 days per year).

c. Only consecutive service with the Board will be considered in establishing length of service for purposes of determining vacation benefits.

d. *Accrual and Accumulation of Vacation Time* – For the purpose of calculating vacation leave, July 1 and June 30 will be the beginning and ending dates, respectively, for all full-time, twelve-month employees regardless of contract date or hire date.

f. No employee shall be paid for unused vacation leave days. Vacation leave will not be converted to sick leave.

g. All vacation days should be approved by your immediate supervisor and the Superintendent prior to taking vacation. Taking unearned vacation shall not be allowed without permission of the Superintendent.

5.10.7 Professional Leave – The Superintendent is authorized to grant professional leave with pay to Board employees to engage in educational activities which, in the judgment of the Superintendent, serve the needs and interests of the school system. The number of days approved for such leave will be at the discretion of the Superintendent.

5.10.8 Unpaid Study Leave – Professional non-probationary certified personnel are eligible for and may be granted leaves of absence at the discretion of the Board. Except as provided to the contrary by applicable law, the employee shall not be entitled, upon completion of leave, to return to the school and position occupied when leave was granted. The employee may be assigned a different work position or location upon return at the discretion of the Board. Leaves of absence shall be without pay, and in accordance with laws of the Alabama Teacher Retirement System, and leave time will not count for retirement purposes. A leave of absence does not impair the tenure status of an employee. The causes for which leaves of absence may be granted are military service and other good and just causes as specified by ALA. CODE §16-24-13.

5.10.9 Military Leave – Military leave is available to all eligible employees in accordance with state and federal law.

5.10.10 Court Leave - Permanent and full-time employees are entitled to regular compensation while performing jury duty (ALA. CODE §12-8-25), or when the employee is summoned under subpoena or other legal requirement to testify at trial in a court of law or in an administrative proceedings constituted under the statutory authority of the agency conducting the proceedings. 5.10.12 Conferences and Visitations – Professional personnel holding primary offices (President or President's designee) or other similar offices in professional organizations may be granted a reasonable number of days leave (not to exceed 3 per year) to attend professional meetings related to the organization. Application to and approval by the Principal and Superintendent must be made in adequate time for arrangements to be made to protect the interest of students. The Board will pay the expense of a substitute teacher in cases where such leave is granted to professional personnel. The salary of said personnel will not be reduced for approved leave time.

## 5.11 **Family and Medical Leave Act (FMLA)**

5.11.1 Eligible Employees – The FMLA is applicable to all persons who have been employed for at least twelve (12) months and have worked a minimum of 1,250 hours during that twelve (12) month period.

5.11.2 Medical Leave Provided by the Act – Under the FMLA, eligible employees are entitled to twelve (12) weeks of unpaid leave during any twelve (12) month period for one or more of the following reasons:

- a. The birth and first year care of a newborn child;
- b. The placement of a foster child or adoption;
- c. The care of an immediate family member, defined as a spouse, child or parent, with a serious health condition;
- d. The taking of medical leave because of the employee's own serious health condition.

For the birth, adoption, or foster placement of a child, the entitlement to leave for child care expires at the end of the twelve (12) month period beginning on the date of birth, adoption, or placement. Leave associated with the illness of a child will only be provided if the child is under eighteen (18) years of age or is incapable of self-care due to physical or mental disability.

5.11.3 Serious Health Conditions – The term “serious health condition” means an illness, injury, impairment, or physical or mental condition that involves the following:

- a. Any period of incapacity in connection with or following inpatient care in a hospital, hospice, or residential medical care facility.
- b. Continuing treatment by a health-care provider, to include any period of incapacity due to:
  1. A health condition, including treatment and recovery, lasting more than three (3) consecutive days, and any subsequent treatment or period of incapacity relating to the same condition;
  2. Pregnancy or prenatal care;
  3. A chronic, serious health condition which continues over an extended period of time, requires periodic visits to a health care provider, and may involve episodes of incapacity (e.g., asthma and diabetes);
  4. A permanent or long-term condition for which treatment may not be effective (e.g. Alzheimer's, severe stroke) and for which supervision of a health-care provider is required;
  5. Multiple treatments for restorative surgery or for a condition which would likely result in a period of incapacity of more than three (3) days if not treated.

#### 5.11.4 Military Family Leave Provided by the Act

- a. *Qualifying Exigency Leave* – Under the FMLA, an eligible employee with a spouse, child, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may utilize the twelve (12) week medical leave entitlement to address qualifying exigencies resulting from that service.
- b. *Military Caregiver Leave* – An eligible employee, who is the spouse, child, parent, or next of kin of a covered service member, is entitled to take up to twenty-six (26) weeks (including any medical leave provided by the Act) of unpaid leave during any twelve (12) month period (beginning the first day of the leave) to care for an individual covered service member with a serious injury or illness incurred in the line of duty while on active duty that may render the service member medically unfit to perform the duties of the member's office, grade, rank, or rating. A covered service member is a member of the Armed Forces, including the National Guard and Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness incurred in the line of duty on active duty.

5.11.5 Spouse Employed by the Board – Spouses who are both employed by the Board are limited to a combined total of twelve (12) weeks of family leave for the birth and care of a newborn child, for the placement of a child for adoption or foster care, for the care of a parent who has a serious health condition, and for qualifying exigency leave. Spouses who are both employed by the Board are limited to a combined total of twenty-six (26) weeks for military caregiver leave.

5.11.6 Intermittent Leave – An employee may take leave intermittently or on a reduced leave schedule only when medically necessary to care for a spouse, parent, or child or to receive planned medical treatment. Intermittent leave should be scheduled to the extent practicable so as not to unduly disrupt the operations of the Board. Intermittent leave may be further limited for teachers in accordance with federal law.

5.11.7 Use of Vacation and Sick Leave – If an employee has available sick leave, vacation leave or other applicable paid leave, the employee must utilize those forms of leave before taking unpaid leave under the FMLA. In that instance, the paid leave and the FMLA leave will run concurrently and the employee's twelve (12) weeks of unpaid FMLA leave will be reduced by the paid leave utilized, as long as the need for such leave results from one or more of the qualifying reasons under the FMLA.

5.11.8 Notice – Employees seeking leave under the FMLA must provide thirty (30) days advance notice of the need to take leave when the need is foreseeable. When the need for leave is unforeseeable, employees should notify their supervisors as soon as possible. Employees must also provide notice of the need for qualifying exigency leave as soon as practicable.

5.11.9 Certification for Medical or Military Caregiver Leave – Every request for FMLA leave based upon the serious health condition of the employee or employee's spouse, children, or parents, or leave as a military caregiver must be supported by medical certification issued by the appropriate health care provider on forms provided by the Board.

For leave based on a serious health condition of the employee or employee's spouse, child, or parent, the Board reserves the right to obtain a second opinion from an independent health-care provider

designated by the Board. If the opinion received by the employee and the second opinion conflict, the Board and the employee must agree on a third provider to issue a binding opinion. Both the second and third opinions (if necessary) will be at the expense of the Board.

- 5.11.10 Certification for Qualifying Exigency Leave – Certification will be required by the Board for requests for qualifying exigency leave. Certification must be timely submitted on forms available from the Board. For the first such request, certification may include a copy of the military service member’s duty orders or other military documentation.
- 5.11.11 Return to Work – The Board may require an employee who has taken leave due to the employee’s own serious medical condition to provide the Board with a healthcare provider’s certification in order to return to work. Any employee who takes leave under these provisions will be entitled to be restored to the original position held when the leave commenced or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.
- 5.11.12 Maintenance of Benefits – Benefits accrued by the employee before leave is taken are not lost when approved FMLA leave is taken. Employees who are on approved FMLA leave will remain eligible to participate in benefit programs in which the employee was enrolled at the time of the leave, provided that the employee will continue to be responsible for payment of employee’s portion of any cost, premium, or like payment that is required to maintain eligibility for the coverage or benefit. An employee that does not return to work after FMLA leave, will be required to reimburse the Board for the cost of benefits coverage extended to the employee during the leave, unless the reason for the employee’s failure to return to work is (i) a continuing serious health condition suffered by either the employee or a family member, or (ii) other circumstances beyond the employee’s control.

Eligible personnel shall be allowed to become members of the bank by depositing five (5) of their unused sick leave days into the bank and having completed the appropriate forms. If new-hire employees do not have the minimum number of days required to join, the local board can advance to employees the prerequisite number of days to join.
  2. *Loan Eligibility* – A sick leave bank member shall not be eligible to use sick leave from the SLB until he/she has exhausted all earned sick, vacation and personal leave days. The maximum number of days that can be borrowed by an individual from the SLB shall be 15 days, including the five (5) days the individual has on deposit, unless over 50% of the participating members of the SLB vote to extend said limit. Request for loans must be turned in to the committee by the 10<sup>th</sup> of each month. The SLB Committee will meet to approve or disapprove loan request.

4. Repayment of Loan for SLB – Sick leave days owed to the SLB shall be repaid at the rate of one day per month beginning with the next sick leave day earned after the loan was granted by the SLB and continuing until the days loaned have been completely repaid. Request for loans exceeding the 5 days must be approved by the SLB committee. Participating employees cannot leave the School System without repaying the sick leave days to the SLB. If the employee has no sick leave days remaining, then the said value of the loan shall be deducted from the individual's final pay check at the prevailing daily rate of said employee, as set forth on the pay scale of the Board of Education. If an employee's final check is not sufficient to repay the sick leave days owed, the money will be owed by the employee or the estate of the employee.
5. ### **5.13 Administrative Leave**

The Superintendent is authorized to place an employee on administrative leave upon a determination that the best interests of the school system would be served by such action. Administrative leave relieves the employee of regular work responsibilities pending resolution of the matters or circumstances that gave rise to the leave. Administrative leave is not disciplinary in nature or purpose and does not affect the employee's compensation, benefits, tenure, or non-probationary status. Administrative leave may be accompanied by such additional restrictions or conditions as may reasonably be imposed by the Superintendent under the circumstances (e.g., limitation on access to school property). The status of employees who are on administrative leave will be reviewed and reported to the Board periodically or as otherwise may be directed by the Board.

### **5.14 Equal Employment Opportunity**

5.14.1 Unlawful Discrimination Prohibited – The Board is an equal opportunity employer. Personnel actions and decisions will be made without regard to factors or considerations prohibited by federal or state law (as such laws may from time to time be amended), including but not limited to race, gender, age, disability, national origin, citizenship, and religious preference.

5.14.2 Implementing Regulations Authorized – The Superintendent is authorized and directed to implement such rules, regulations, procedures, and directives as necessary and appropriate to implement and enforce this policy and any law prohibiting discrimination in the workplace, including the designation of one or

### **5.15 Sexual Harassment**

5.15.1 Definition of Sexual Harassment – Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature when:

5.15.2 Examples of Prohibited Conduct – The following are examples of conduct that may constitute sexual harassment, depending on individual circumstances:

- a. Verbal harassment or abuse of a sexual nature, including graphic or derogatory comments, the display of sexually suggestive objects or pictures, and sexual propositions;
- b. Repeated unwelcome solicitation of sexual activity or sexual contact;
- c. Unwelcome, inappropriate sexual touching;
- d. Demands for sexual favors accompanied by implied or overt promises of preferential treatment or threats with regard to an individual's employment status.

5.15.3 Employee Complaint Resolution Procedure

- a. *Reporting* – Any employee with reason to believe that he or she has been or is being subjected to any form of sexual harassment should report the matter immediately. Under no circumstances will an employee be required to present the complaint to the person who is the subject of the complaint.
- b. *Informal Complaint* – An employee may choose to submit a sexual harassment complaint to a supervisor for investigation and resolution at the departmental or local level without resorting to formal complaint procedures. If the supervisor is the subject of the complaint, the complaint may be submitted to the Superintendent for resolution. If the complaint is not resolved informally to the satisfaction of the complaining employee, the employee must contact the Superintendent to initiate formal complaint procedures.

5.15.4 Formal Complaint Procedure

- a) *Persons Responsible for Receiving and Investigating Formal Complaints* – The Superintendent is responsible for receiving and investigating formal complaints regarding sexual harassment. Harassment complaints that cannot be made in writing should be memorialized by the Superintendent or designated alternate official.
- c) *Investigation* – The Superintendent will promptly investigate the complaint, review the results of any investigation with legal counsel or other appropriate officials, make any findings that are

supported by the investigation, and recommend appropriate action based on these findings. The complainant will be informed of any action that is taken as a result of the investigation.

- d) *Review by the Superintendent and the Board* – A complaining party who is not satisfied with the investigation or resolution of the complaint may request that the Superintendent take additional or different action or present the complaint to the Board for its review and action. ## **5.16 Reduction-In-Force**

### **5.16.1 Definition and Scope**

a. This policy applies to reductions-in-force that are implemented by “layoffs” contemplated by Ala. Code § 16-1-33 (1975).

b. A reduction-in-force may be declared by the Board of Education and layoffs approved thereunder if the Board determines that the decreased student enrollment or a shortage of revenues requires a reduction in the work force (beyond normal attrition) in order to maintain effective provision of educational services or to meet the Board’s financial, legal, or operational obligations.

c. A “layoff” within the meaning of this policy is an unavoidable reduction in the workforce beyond normal attrition due to decreased enrollment or shortage of revenues. As provided by Section 6(h)(3) of the Students First Act, Ala. Act 2011-270, layoffs based on such reasons are not subject to challenge or review under said Act. Employees who are laid off under authority of this policy are eligible for recall to employment as conditionally provided in this policy.

### **5.16.2 Criteria for Implementing Layoffs**

a. The order, priority, rank, or selection of individual employees who are to be laid off under authority of this policy shall be determined on the basis of objective criteria. However, nothing herein shall be deemed or construed to limit or abridge the Board’s legislative discretion to identify areas, departments, groupings, or classifications for reductions (layoffs). (For example, the Board is not required to justify by objective criteria or otherwise a decision to implement layoffs in non-instructional categories or employees before doing so with instructional staff.)

b. The criterion or criteria on which the layoffs are to be based shall be announced or otherwise made known by the Board to employees affected by the layoff no later than the date notice of the layoff is provided to the employees.

c. "Objective criteria" within the meaning of this policy may include any lawful selection standard (or combination of standards) that is verifiable, calculable, measurable, or otherwise determinable by means or methods other than the personal or subjective judgments or opinions of the person(s) applying the criteria, and that would be expected to produce the same result if applied to the same employees or group of employees by different persons. For purposes of this policy, objective criteria may include, but are not limited to:

i. Seniority, longevity, or time in service that will be more specifically described in the notice of layoff that is provided to affected employees;

ii. Years of experience;

iii. Degrees, certification, or licensure;

iv. Specialized training and experience with particular educational programs or initiatives including but not limited to the Alabama Reading Initiative (ARI), and/or the Alabama Math, Science and Technology Initiative (AMSTI);

v. Job classification;

vi. Any requirements that may be imposed by state or federal law or court order;

vii. Written or otherwise documented performance evaluations that can be fairly, accurately, and objectively compared to current evaluations of other similarly situated employees for the purpose of ordering or ranking, provided that such evaluations predate the RIF announcement or declaration by not less than thirty days.

5.16.3 Recall – Employees who have been laid off under the terms of this policy will be given priority in filling positions as enrollment or financial circumstances warrant, provided that:

a. The nature of and qualifications for the position have not materially changed;

b. The laid-off employee remains properly qualified, licensed, or certified; and

c. The laid-off employee confirms in writing his or her availability for and interest in re-employment to the Board's Director of Human Resources in accordance with any directives that may be contained in or transmitted in conjunction with the notice of layoff.

Circumstances permitting, and to the extent practicable, the selection of employees for recall will be based on the criteria that were applied to the layoffs themselves if there are more employees eligible for recall than positions available to fill. When layoffs occur over a period of time, the Board will take relative length of separation from service into consideration in assigning recall priority, other factors being equal. In no case will any right to be recalled to employment extend beyond one year from the effective date of the employee's layoff. Recalled employees will retain credit for the tenure, years of service, and the pay and benefit status they

held on the effective date of their layoff. No pay, benefits, status, or additional rights will accrue or be credited to the recalled employee for the time he or she has been laid off.

5.16.4 Notice - Notification of layoff and recall shall be by United States certified or registered mail, hand delivery, or such other means as are reasonable under the circumstances. Notice sent by certified mail will be deemed delivered two days after the date of the certified mail. Upon delivery of notification of recall, a laid-off employee shall respond affirmatively to the notice of recall in accordance with such specific directions or instructions as may be contained therein. Any laid-off employee who does not so respond or who otherwise declines an offer of re-employment by the Board will be deemed to have waived any right to be recalled under the terms of this policy.

5.16.5 Reservation of Board Authority – Nothing in this policy will be deemed or construed to restrict or impair the authority of the Board to reorganize, consolidate, eliminate, reallocate, or otherwise modify the nature and configuration of its workforce in accordance with Alabama law.

[Reference: Ala. Code §16-1-33 (1975)]

## **5.17 *Unauthorized Payments***

5.17.1 Notification to the Employee – Upon discovery of any unauthorized or erroneous payment or disbursement of funds to an employee, the Board will attempt in good faith to notify the employee of such unauthorized payment and to reach agreement with the employee, if possible, regarding the amount and terms of repayment. Notification to the employee will consist of a letter mailed or delivered to the employee's last known address. The notice will specify the amount owed, the method by which the amount was calculated, a proposed schedule of repayment, an opportunity for the employee to review or examine any documents or other evidence supporting the claimed overpayment, and an opportunity for the employee to object in person or in writing to the amount or manner of the proposed withholding to provide an alternative plan of repayment. Unless the Board's ability to recover funds in question could be jeopardized by doing so, the Board will arrange a reasonable schedule of repayment so as to avoid undue hardship to the employee.

5.17.2 Retention and Recovery Authorized – If no objection to the proposed withholding is received within a reasonable time (to be specified in the notification letter), monies may be retained in the manner and to the extent described in the notification. If the employee objects to the proposed withholding, the Superintendent or his designee may, upon consideration of the objection and information and argument (if any) submitted in connection therewith, take such action as may be warranted under the circumstances and inform the employee in writing of the decision. If the employee is dissatisfied, he may contest the decision through the Board's complaint procedure. Monies may be withheld by the Board pending completion of the grievance process, provided that, should the Board later pay over to the employee monies that have been retained under authority of this policy, such payment(s) will reflect all appropriate deductions and will include accrued interest from the date of withholding at the rate specified by the then-effective rate applicable to interest on unpaid judgments under Alabama law. If, after exhausting reasonable efforts to do so, the Board is unable to contact the employee in the first instance, the Board may retain or withhold from compensation or other payments due the employee an amount sufficient to satisfy the indebtedness; provided that any such retention or withholding will be subject to review and reconsideration at the request of the employee.

5.17.3 Repayment Required as a Condition of Reemployment – The Board reserves the right to require repayment of any outstanding indebtedness as a condition to reemployment of any former employee.

5.17.4 Procedures Not Exclusive – The provisions, procedures, and method of review specified herein are in addition to those that are otherwise available to the parties under law for the retention or recovery of funds, and for administrative or judicial review thereof.

### **5.18 Drug and Alcohol Testing of Employees**

5.18.1 Scope -The Winston County Board of Education recognizes that our employees are our greatest asset. Our employees are the key to our goal of providing the best possible education program for our students. To achieve our goal, and to maximize the skills and talents of our employees, it is important that every employee of our school system understands the dangers of drug and alcohol abuse and is aware of the state and federal requirements concerning substance abuse. This policy statement is offered to clarify our position on employee drug and alcohol use. This policy and procedures should not be construed as contractual in any nature.

Policy Objectives:

1. To create and maintain a safe, drug-free working environment for all employees
2. To encourage any employee with a dependence on, or addiction to, alcohol or other drugs to seek help in overcoming the problem
3. To reduce problems of absenteeism, tardiness, carelessness and/or other unsatisfactory matters related to job performance
4. To reduce the likelihood of incidents of accidental personal injury and/or damage to students, employees, visitors or property
5. To meet the requirements of 49 C.F.R. Part 40, as amended, and the Omnibus Transportation Employee Testing Act of 1991
6. To reduce the likelihood that school property will be used for illicit drug activities
7. To protect the reputation of the school system and its employees within the community

Substance abuse is a serious threat to the school system, its employees and students. Though the percentage of substance abusing employees may be relatively small, practical experience and research indicate that appropriate precautions are necessary. It is the belief of the Board that the benefits derived from the policy objectives outweigh the potential inconvenience to employees. The Board earnestly solicits the understanding and cooperation of all employees in implementing this policy.

The Board requires that all employees report to work without any alcohol or illegal or mind altering substances in their system. No employee shall report for work or remain on duty requiring the operation of a motor vehicle or other hazardous equipment or performing job duties in a hazardous environment when the employee is using any controlled substance, except when the use is pursuant to the instructions of a physician who has advised the employee that the substance does not adversely affect the employee's work, the school system's relationship with the government or reflects badly on the school system.

In order to avoid creating safety problems and violating the Drug and Alcohol Policy, employees must inform their supervisor or the school system's Medical Review Officer when they are legitimately taking medication which may affect their ability to work.

The school system also prohibits employees from using, possessing, manufacturing, distributing or making arrangements to distribute illegal drugs while at work or on school system property.

#### 5.18.2 Enforcement

In order to enforce these rules, the school system reserves the right to require all employees (defined as all employees subject to 49 C.F.R. Par 40 and the Omnibus Transportation Employee Testing Act of 1991 as well as other employees subject to testing under the authority of the Board) to submit to drug tests to determine the presence of prohibited substances any time an employee is on duty or at any time an employee may normally be called to be on duty. The School Board is required to and will develop, implement, and enforce a drug and alcohol policy for its employees as a condition of compliance with the Omnibus Transportation Employee Testing Act of 1991.

Pursuant to Board policy and regulations, applicant testing may be required. All current employees may be required to undergo testing at scheduled physical examinations, and/or in circumstances where the Board has reasonable suspicion to believe an employee has violated its Alcohol and Drug Policy, and/or on a random basis without advance notice. Employees are required to report all accidents involving school property or personnel, or accidents that occur during school hours, or on school-related activities. Employees involved in such accidents may be required to submit to alcohol screening within two (2) hours and to drug screening within thirty-two (32) hours of a reportable accident. Employees who return to work following rehabilitation will be required to undergo return-to-duty or follow-up testing in addition to the general school system testing requirements.

The Board also reserves the right to search desks, cabinets, tool boxes, vehicles, including personal vehicles brought on the school system's property, bags or any other property at the school or in vehicles when the Board has reasonable cause to believe an employee has violated its Alcohol and Drug Policy.

Violation of these rules, including testing positive, will subject the employee to discipline, including discharge. Refusal to cooperate with the School Board in any test investigation will result in discipline, including discharge as appropriate under the applicable state and federal laws.

All information, interviews, reports, statements, memoranda and test results, written or otherwise, received by the employer through its drug and alcohol testing program are confidential communications and may not be used or received in evidence, obtained in discovery, or disclosed in any public or private proceedings except in accordance with the Policy Consent/Release Form.

Any questions should be directed to the person assigned by the Superintendent and/or School Board as its Drug Testing Program Coordinator.

#### 5.18.3 General Policy

Practical experience and research has proven that even small quantities of narcotics, abused prescription drugs or alcohol can impair judgment and reflexes. Even when not readily apparent, this impairment can have serious results, particularly for employees operating vehicles or potentially dangerous equipment. Drug-using

employees are a threat to students, co-workers, and themselves, and may make costly errors. For these reasons, the school system has adopted a policy that all employees must report to work completely free from the effects of alcohol and/or the presence of drugs, unless used as prescribed by a physician.

#### 5.18.4 Drug Use/Distribution/Impairment/Possession

All employees are prohibited from using, possessing, distributing, manufacturing, or having controlled substances, abused prescription drugs or any other mind altering or intoxicating substances present in their system while at work or on duty.

#### 5.18.5 Alcohol Use/Possession/Impairment

All employees are prohibited from possessing, drinking or being impaired or intoxicated by alcohol while at work or on duty. While employees are prohibited from having any alcohol present in their system while on duty, a Breath Alcohol Concentration (BAC) of .04 will be accepted as presumptive evidence of intoxication. Additionally, mandated employees (employees subject to provisions of 49 C.F.R. Part 40 and the Omnibus Transportation Employee Testing Act of 1991) with a BAC of .02 - .039 will be placed out-of-service for a period of no less than 24 hours. Evidential breath testing devices (EBTs) on the National Traffic Highway Safety Administration Conforming Products List will normally be used to determine BAC.

#### 5.18.6 Off Duty Conduct

Off-the-job use of drugs, alcohol or any other prohibited substances which results in impaired work performance, including, but not limited to, absenteeism, tardiness, poor work product, or harm to the school system's image or relationship with the government is prohibited. Employees should realize that these regulations prohibit all illicit drug use—on and off duty.

#### 5.18.7 Prescription Drugs

The proper use of medication prescribed by a physician is not prohibited; however, the school system prohibits the misuse of prescribed (or over the counter) medications and requires all employees using drugs at the direction of a physician to notify the School Board's Medical Review Officer (MRO) or their supervisor prior to beginning work when these drugs may affect their job performance, such as by causing drowsiness.

An employee or job applicant (with the exception of mandated employees) shall be allowed to provide notice to the school system of currently or recently used prescription or nonprescription drugs at the time of the taking of the specimen to be tested, and such information shall be placed in writing upon the employer's drug and alcohol testing custody and control form prior to initial testing.

#### 5.18.8. Substance Screening

##### A. Applicants

Substance screening may be required for all final applicants. Such testing may be required either alone or as part of a pre-employment physical examination. Applicants are required to sign a consent/release form before submitting to screening. Applicants will be disqualified for hire if they test positive, refuse to submit to a test, substitute or dilute their specimen, or refuse to execute the required consent/release form.

## B. All Current employees

### 1. Reasonable Suspicion

All employees may be required to submit to screening whenever a supervisor observes circumstances which provide reasonable suspicion to believe an employee has used a controlled substance or has otherwise violated the substance abuse rules. The supervisor's determination that reasonable suspicion exists to require the employee to undergo an alcohol and drug test must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the employee.

The required observations for alcohol and/or controlled substance reasonable suspicion testing shall be made by a supervisor or designee who has been trained for at least 60 minutes on alcohol misuse and an additional 60 minutes on controlled substance misuse.

The supervisor or supervisors requesting testing shall prepare and sign written documents explaining the circumstances and evidence upon which they relied within 24 hours of the testing, or before the results of the tests are released, whichever is earlier. While one supervisor may request a reasonable suspicion test, when feasible, supervisors are encouraged to obtain a second supervisor as a witness.

### 2. Random Testing

The Board may conduct random unannounced screening of all employees. Tests of employees for illicit drugs will be conducted in a number equal to or greater than 50 percent of the affected work force - - without advance notice - - in any given 12 month period. Tests of employees for alcohol will be conducted in a number equal to or greater than 25 percent of the affected work force - - without advance notice - - in any given 12 month period. There will be no maximum number of samples that any one individual will be required to provide during the testing schedule. Subsequent testing will be conducted at levels equal to or greater than the initial testing level. A private testing contractor will provide computerized random sample lists to the Drug Program Coordinator. The list of employees in the random pool will be updated on a monthly basis. Employees will be required to report to the school system's designated collection site for testing immediately following notification. The tests will be spread reasonably over 12 months on an annual basis.

All employees may be tested during the initial implementation of the program.

### 3. Post-Accident Testing

Employees are required to immediately notify the Drug Testing Program Coordinator of any accident resulting in injury or damage to school system property. The Department of Transportation (DOT) requires post-accident drug and alcohol testing following any accident which results in the: (1) loss of human life, or (2) receipt of a citation under State or local law for a moving traffic violation arising from the accident.

The school system may require an employee involved in any accident resulting in injury that requires more than simple first aid or results in damage to property, to undergo alcohol screening within 2 hours and drug screening within 32 hours of the occurrence of the accident. The school system will discipline any employee who fails to report an accident or submit to substance screening where required by law or

this policy. The Drug Testing Program Coordinator shall complete an Accident Report in compliance with school system policy and applicable laws and regulations.

#### 4. Return to Duty/Follow up Testing

All employees referred to rehabilitation through administrative channels, or suspended for violation of this policy, may be subject to unannounced testing following return to duty for a period of 12 to 60 months. Such employees shall be tested at the frequency stipulated in the abeyance contract or as scheduled by the MRO. The employee will be tested a minimum of six (6) follow up tests during the first twelve months. Testing will be on a daily, weekly, monthly or longer basis at the discretion of the MRO and will be in addition to the other types of tests provided in this policy.

Employees testing at a level of 0.04 BAC for alcohol or positive for drugs must be assessed by a Substance Abuse Professional (SAP), satisfy the recommendations of the assessment, test negative for drugs and below 0.02 BAC for alcohol and be released as drug-free by the Medical Review Officer prior to returning to duty.

#### 5. Recertification: Physical Examination

All mandated employees may be required to undergo urinalysis as part of a recertification physical examination.

### C. Testing Procedures

#### 1. General Guidelines

The School Board and its lab shall rely, when practical, on the guidelines of the Federal Department of Transportation, Procedures For Transportation Workplace Drug Testing Programs, 49 C.F.R. Parts 40.1 through 40.413, and on the further guidance of the Omnibus Transportation Employee Testing Act provided in 49 C.F.R. Parts 382, 391, 392 and 395.

#### 2. Substances Tested For All Employees

Employees may regularly be tested for: amphetamines, cannabinoids, cocaine, opiates, phencyclidine and alcohol. Testing for alcohol will also be conducted subject to the final provisions of the Omnibus Transportation Employee Testing Act of 1991. Employees may be tested for other substances without advance notice as part of a separate test performed by the school system for safety purposes. Such tests will be coordinated with the Designated Employer Representative.

#### 3. Testing Procedures

The School Board reserves the right to utilize blood, hair, breath, saliva or urinalysis testing procedures. Only urinalysis and breath tests will be utilized in the pre-employment and random testing. All initial urine specimens will be confirmed by gas chromatography/mass spectrometry (GC/MS).

### D. Collection Sites

The school system will designate collection sites in areas where it maintains facilities or job sites where individuals may provide specimens.

#### E. Collection Procedures

The School Board and the private testing contractor have developed and will maintain a documented procedure for collecting, shipping and accessing urine specimens. The School Board and the private testing contractor will utilize a standard Urine Custody and Control Form for all employee drug testing. The School Board and the private testing contractor will utilize a standard Breath Alcohol Testing Form for all employee alcohol testing. A tamper-proof sealing system, identifying numbers, labels will also be used for urine sample transportation. Alcohol results will use approved tamper evident tape.

Collection sites will maintain instructions and training emphasizing the responsibility of the collection site personnel to protect the integrity of the specimen and maintain as proper a collection procedure as reasonable. All collectors will undergo basic knowledge training, qualification training and an initial proficiency demonstration. A person who collects or takes a specimen for drug test pursuant to this policy shall collect an amount sufficient for two (2) drug tests as defined by the Department of Transportation. Where the school system has an employee collect the specimen, the Board will provide instruction and training to that employee. All alcohol testing will be performed by a certified Breath Alcohol Technician (BAT).

All employees will also be required to execute the school system Applicant/Employee Consent Form.

#### F. Occasions when the Collection Personnel Should Directly Observe the Specimen Being Provided

The school system has adopted the direct observation procedures as set out in Section 40.67 of the Department of Transportation regulations. An Employer or Medical representative at the collection site may directly observe an employee provide the specimen where there is reason to believe that an individual may alter or substitute the specimen. Section 40.67 sets out the only circumstances where direct observation is appropriate:

1. An employer **MUST** direct an immediate collection under direct observation with no advance notice to the employee if:
  - a. The laboratory reported to the MRO that a specimen is invalid, and the MRO reported to the employer that there was not an adequate medical explanation for the result.
  - b. The MRO reported to the employer that the original positive, adulterated or substituted test result had to be cancelled because the test of the split specimen could not be performed.
2. An employer **MAY** direct a under direct collection observation of an employee if the drug test is a return-to-duty test or a follow-up test.
3. A collector **MUST** immediately conduct a collection under direct supervision if:
  - a. The Designated Employer Representative directs the collector to do so;
  - b. The collector observes materials brought to the collection site or the employee's conduct clearly indicates an attempt to tamper with a specimen;
  - c. The temperature on the original specimen was out of range; or

d. The original specimen appeared to have been tampered with.

The collector or the employer must explain to the employee the reason for the direct observation.

Where necessary, a school system representative or medical personnel may obtain a specimen outside of a designated collection site (such as, a public restroom at an accident investigation).

#### G. Evaluations and Return of Results to the school system

The laboratory will transmit (by fax, mail, or computer, but not orally over the telephone) the results of all tests to the school system's MRO. The MRO will be responsible for reviewing the quantified test results of employees and confirming that the individuals testing non-negative have used drugs or adulterated, substituted or diluted the specimen in violation of school system policy. Prior to making a final decision, the MRO shall give the individuals an opportunity to provide a medical explanation for the positive test result either face to face or over the telephone.

The MRO shall then promptly report to the Drug Testing Program Coordinator which employees or applicants test positive for drugs or adulterants, or a substituted or diluted specimen.

#### H. Request for Retest

All urine collections will include a split specimen. An employee may request a retest of the split specimen within 72 hours of notification of the final test result. Request must be submitted to the MRO.

The employee may be required to pay the associated costs of retest in advance.

#### I. Release of Test Results

All information, interviews, reports, statements, memoranda and test results, written or otherwise, received by the employer through its drug and alcohol testing program are confidential communications and may not be released except in accordance with the Policy Consent/Release Form. Information may be released without the employees consent in certain legal proceedings, including a lawsuit, grievance, or administrative proceeding brought by, or on behalf of, an employee and resulting from a positive, adulterated or substituted drug test or alcohol test or a refusal to test. Such information may only be released to the decision maker in such action and only with a binding stipulation that the decision maker will make it available only to parties to the proceeding.

All employees will be required to execute a consent/release form permitting the Board to release test results and related information to the Unemployment Compensation Commission, or other relevant government agencies.

The MRO shall retain the individual non-negative test results for five (5) years and negative test results for one year.

#### 5.18.9. Discipline

The School Board will discipline, including discharge, employees for any violation of the policy, including refusing to submit to screening, to execute a release, or otherwise cooperate with an investigation or search by the school system. Disciplinary measures will be instituted in accordance with state and federal laws.

All employees who test positive in a confirmative substance test will be subject to discipline up to and including discharge. Any applicant or employee specimen that is found by the collection site, laboratory or MRO to have been adulterated or substituted will be considered equivalent to a positive test. All current employees who test positive for adulterants or for substituting the specimen will be subject to discipline up to and including discharge.

Rehabilitation, at a pre-approved treatment provider, may be available to individuals who violate the policy. However, unless other provisions are available to the affected individual, assistance will be limited to the degree of treatment provided within the school system's Employee Benefits Plan. The Drug Program Coordinator should be contacted for guidance.

No employee may be returned to regular duties after any rehabilitation or testing positive unless released for duty by the school system's MRO. The employee must be seen by a Substance Abuse Professional (SAP) and follow the SAP's recommendation for education and treatment. Prior to returning to work, the employee must have a negative drug or alcohol test.

Any employee returned to duty after violating the policy or testing positive will be subjected to aftercare and random testing as set out in a written Probation Agreement.

#### 5.18.10 Training

Supervisors who are authorized to determine reasonable suspicion testing must receive a minimum of 60 minutes of training on alcohol abuse and an additional 60 minutes of training on controlled substance use and abuse.

The training shall cover the physical, behavioral, speech and performance indicators of probable use and misuse of alcohol and controlled substances. Documentation of training attendance must be maintained.

The Drug Testing Program Coordinator should be contacted for further guidance.

#### 5.18.11 Investigation/Searches

Where a supervisor has reasonable cause to suspect that an employee has violated the substance abuse policy, he or she may inspect vehicles which an employee brings on the School Board's property, lockers, work areas, desks, purses, briefcases, tool boxes or other belongings, and at locations where school related activities are being conducted without prior notice in order to ensure a work environment free of prohibited substances. An employee may be asked to be present and remove a personal lock. Where the employee is not present or refuses to remove a personal lock, the site administrator will do so for him or her. The School Board may release any illegal, or controlled drugs, or paraphernalia to appropriate law enforcement authorities.

All searches should be coordinated with the site administrator.

NOTE: These procedures should not be construed as contractual in any nature. They represent the School Board's current guidelines in dealing with a developing problem under evolving laws and facts, and may be changed in accordance with school system policy and state and federal law.

## VI. Students

### 6.1 *Admissions and Attendance*

- 6.1.1 Compulsory Attendance and Entrance Age – All persons between the age of seven and seventeen years of age are required by state law to attend school for the minimum number of scholastic days prescribed by the State Board of Education unless the person holds a certificate of exemption issued by the Superintendent or is otherwise exempt under state law.

[Reference: ALA. CODE §16-28-3 (1975)]

#### a. *Kindergarten Age Requirement*

1. A child five years of age on or before September 1 shall be entitled to admission to kindergarten at the opening of that school year or as soon as practicable thereafter.
2. A child less than five years of age on September 1 shall not be entitled to admission during that school year.

3. An underage child who has moved into this state having successfully completed a mandated, public school kindergarten program in another state shall be admitted to first grade.

#### c. *Age Determination.*

Age is computed by including the day of birth so that a given age is attained the day before the birthday anniversary. Therefore, a child whose fifth or sixth birthday falls on September 2 is entitled to attend kindergarten or first grade, respectively, at the opening of schools for that school year.

#### d. *Transfers from Out-of-State Public Schools.*

Children not six years old on September 1 who transfer from the first grade of a public school in another state, and whose parents resided in that state at the time of the transfer, may be enrolled on a space available basis with the approval of the Superintendent, and must meet the requirement of having been six years of age on or before January 1 of the school year they enrolled in the first grade.

#### e. *Transfers From Private or Parochial Schools.*

Students may enroll in second grade after having attended first grade in an accredited private or parochial school the previous year, but must be seven years old on or before January 1 of the year for which enrollment is requested.

#### 6.1.2 Admission to Schools

- a. *Resident Students* – School-aged children who reside within Winston County, Alabama, and not within the limits of a city operating an independent municipal school system, may be admitted to Winston County Schools. For purposes of this policy, the residence of the student will be the residence of the custodial parent or legal guardian. If custody of the child is shared, alternating, or unclear, or if the child does not reside with a custodial parent or legal guardian, the domicile or actual physical residence of the child will control, except when there is evidence that the claimed residence of the child is not his actual residence, or that the claimed residence is fraudulently given as a means of avoiding or violating admission, enrollment, attendance, and residency standards and requirements.
- b. *Non-resident Students* – The Board may permit students who do not reside within the Winston County School District to attend schools within the school system. The Board may establish criteria for admission of nonresident students. The Board will not provide transportation to and from school or homebound instruction outside of the county limits of Winston County.
- c. *Admission Policy for Homeless, Children in Foster Care, Migratory, Immigrant, and Limited English Proficient Students* – Pursuant to the requirements of the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act and the McKinney-Vento Homeless Education Act of 2001, all homeless, children in foster care, migrant, immigrant, and English language learners must have equal access to the same free appropriate public education, including public preschool education, provided to other children and youth. This shall be the policy of the Winston County School System. Such children will be provided the opportunity to meet the same challenging state content and state student performance standards to which all students are held without being stigmatized or isolated.
- d. *Students Expelled or Suspended from Other School Systems* – Any student who is under suspension or expulsion from another school system or a private, parochial, or other school will not be permitted to enroll until the student has satisfied the conditions for readmission set by the expelling or suspending board or authority in addition to generally applicable admission requirements established by the Board.
- e. *Requested Documentation* – Students entering the school system for the first time, regardless of grade level, will be asked to submit a certified birth certificate, documentation or other proof of residency, and such other registration materials as school officials may reasonably expect, including but not limited to a certificate of immunization or an exemption as prescribed by the Department of Health and signed by a private physician or appropriate health department official. The Superintendent may accept alternate forms of evidence or modify otherwise applicable requirements as necessary and appropriate to accommodate migrant, immigrant, or homeless students.

- f. *Placement of Students* – The Board will determine the placement of newly enrolled students in accordance with state law.

### 6.1.3 Attendance Zone and Class Assignment

- a. *Attendance Zone Assignment* – Students will be assigned to the school serving the attendance zone in which his parent(s) or legal guardian reside(s). Any exception must be approved by the Principal. A student whose parent or legal guardian moves from one attendance zone to another during the school year will be transferred to the school attendance zone in which the new residence is located. The student may be permitted to remain in the school attendance zone that serves the former residence until the end of the semester with the approval of the Superintendent. A parent or legal guardian who has documented plans to move to a new attendance area during the first or second grading period of the school year may have his child enrolled in the school serving the new residence upon approval by the Principal.
- b. *Class Assignment* – Principals will assign students to classes in keeping with school accreditation standards and any procedures or criteria that may be established at the system or school level.

### 6.1.4 Absences/Excuses/Tardiness/Attendance

Students are not permitted be absent without a valid excuse. Students shall be required to enroll and attend for the entire length of the school year or the length which complies with or meets system/state requirements.

- a. *Absence from School.* All student absences will be designated as either excused or unexcused.

- 1. Excused absences are defined as:

- Personal Illness

- Hospitalization

- Emergency

- Death in Immediate Family

- Court Subpoena

- Religious Holiday

- Absences approved by the principal (including out of school suspension)

- b. *Make-up Work.* Students absent for any excused reason shall be allowed to make-up work and examinations missed. Documentation supporting an excused absence must be submitted in a timely manner or the absence will be deemed unexcused.

- 1. *Excessive Excused Absences.* Excessive excused absences may result in a loss of academic credit or referral of the matter to juvenile or other appropriate legal

authorities for investigation. Students are limited to 7 excused absences per year, not including school extracurricular activities or functions.

- c. *Unexcused Absences.* The student whose absence is unexcused is not entitled to make-up instructional work or test(s) except when the unexcused period covers a nine weeks or term test which would place the student in danger of failing to obtain a final course credit or being promoted to the next highest grade. A student on external suspension will have absences treated as unexcused. Excessive unexcused absences may result in a loss of academic credit or referral of the matter to juvenile or other appropriate legal authorities for investigation.

The following procedure will be used for unexcused absences, excluding unexcused absences due to out of school suspension:

1. In grades K -12:  
3 days absent-Student/Parent/Principal or Counselor Awareness/Referred to Attendance Officer  
5 days absent - Complaint filed with Juvenile Court of Winston County for students under the age of 17
- d. *Absence to Accompany Parents on a Trip.* A student's absence from school to accompany his/her parent on a trip is not an excused absence, except in cases as determined by the principal.
- e. *Absence due to Medical or Dental Appointments.* Every effort should be made to schedule medical or dental appointments outside school hours; however, if an exception is necessary, the student must report back to school with a statement from the doctor or dentist indicating the time spent in his/her office.
- f. *Parent Excuse Covering Absences.* State law requires parents or guardians of students to explain the cause of any absence of students under their control or supervision. Every student returning to school after being absent shall present to the designated school official a written excuse signed by the parent or guardian *within three school days of the absence*. In accord with State Law and Board policy, the determination of whether an absence is excused or 'unexcused' shall be made by the principal. *Any absence not excused shall be considered unexcused (7 parent notes will be accepted for excused. All other notes will be determined by local administration) .*
- g. *Tardiness.* Students are required to report to their individual schools at the beginning of the school day. Also, students are required to be on time for each class. Students who receive three (3) tardies in class or to school will be referred for appropriate disciplinary action. Disciplinary actions will include the following:
1. student conference
  2. parent contact(s)/conference(s)
  3. assignment to in-school suspension

Ten or more unexcused tardies to school will result in a referral to the district's attendance officer. For students in grades 9-12, three unexcused tardies to the same class constitutes one unexcused absence for that class.

- 6.1.5 Truancy – Parents or guardians are required to ensure that students under their care, custody or control attend school regularly. Habitual or excessive absence from school may require Board officials to refer the matter to juvenile authorities or to initiate truancy proceedings.  
[Reference: ALA. CODE §16-28-1, *et seq.* (1975); Ala. Admin. Code 290-3-1-.02]
- 6.1.6 Communicable Diseases and Parasites – A student with a communicable or contagious disease or a parasite will be ineligible to attend schools in the School System for a period of time as may be prescribed by the local Health Department, school nurse, or a physician. In all cases, a statement of clearance from the Department of Health, school nurse, or physician will be required before the student may re-enter schools of the School System

## **6.2 Home Schools**

- 6.2.1 Alabama Laws Governing Private Tutors – Title 16-28-5, The Code of Alabama, 1965, reads as follows:

"Instruction by a private tutor means and includes only instruction by a person who holds a certificate issued by the State Superintendent of Education and who offers instruction in the several branches of study required to be taught in the public schools of this state, for at least three hours (3 hours) a day for 140 days each calendar year, between the hours of 8:00 A.M. and 4:00 P.M., and who uses the English language in giving instruction. Such private tutor shall, prior to beginning the instruction of any child, file with the county superintendent of education, where his place of instruction is in territory under the control and supervision of the county board of education, or the city superintendent of schools, where his place of instruction is in territory under the control and supervision of a city board of education, a statement showing the child or children to be instructed, the subjects to be taught and the period of time such instruction is proposed to be given. Such tutor shall keep a register of work, showing daily the hours used for instruction and the presence or absence of any child being instructed and shall make such reports as the State Board of Education may require."

- 6.2.2 Board Requirements – The Board hereby notifies persons desiring to tutor their children at home that they must meet all requirements as noted above in Title 1628-5 of The Code of Alabama and any other applicable laws of the state of Alabama. Therefore, persons residing in an area served by the School System who are planning to tutor their children at home in lieu of enrolling them to a public, private, or parochial school should complete a "Registration for Private Home Tutoring Form" prior to beginning such instruction.
- 6.2.3 Penalties – Failure to enroll children in an approved school or tutoring program may result in misdemeanor charges and upon conviction shall be fined not more than \$100.00 and may also be sentenced to hard labor for the county for not more than 90 days. The absence of a child without the consent of the principal teacher of the school he attends or should attend or the tutor who instructs or should instruct such child shall be prima facie evidence of the violation of this section.

### **6.3 Homebound**

The Superintendent is responsible for appointing a qualified person(s) to provide homebound for eligible students. Any exceptional student who cannot attend school because of a physical condition (even with special transportation) must be scheduled to receive instruction according to his/her individualized education program within the home. To be eligible for homebound services a student must have a physician referral for such service and have an anticipated absence from school for at least six weeks. It is the responsibility of the student's principal and/or teacher to notify the Superintendent's office to provide the required information if it appears that homebound services are necessary. The homebound student's regular teacher is responsible for providing an instructional plan, including an outline of assignments, preparation of any exams, grading of assigned work/examination, etc., with the homebound teacher being responsible for carrying out the teacher's instructions during the three (3) hours per week required for homebound instruction.

#### **6.3.1 Eligibility for Homebound Services**

The following criteria shall determine eligibility for homebound services:

- a.* A homebound placement is a least restrictive environment option, not a handicapping condition. Eligibility determination for this type of LRE shall be made by the student's IEP Committee.
- b.* Regular education students who are performing satisfactorily in a regular school program do not become eligible for special education services just because they may have a temporary health or medical problem which requires a temporary recuperative period. These students are best served by the regular education program. Only special education students can be considered for homebound services under special education.
- c.* Pregnancy and the normal recuperative period following delivery do not automatically make a special education student eligible for services in a homebound program. A physician may make a written referral for homebound services if there are serious complications during pregnancy or following delivery which requires a student to remain within the home.

### **6.4 Transfers and Withdrawals**

6.4.1 Transfers – The Board may permit transfers between schools within the school system for good cause.

6.4.2 Withdrawals – No student of compulsory attendance age will be permitted to withdraw from school except in accordance with state law and any withdrawal procedures that may be developed by the Superintendent.

[Reference: Ala. Admin. Code 290-3-1-.02]

### **6.5 Student Fees, Fines, and Charges**

Reasonable fees, fines, and charges not prohibited by law may be established by the Superintendent. All such fees, fines, and charges will be collected and accounted for in accordance with the procedures,

rules, and regulations to be developed by the Chief School Financial Officer or as provided in the Board finance or local school finance manual(s).

## **6.6 Extracurricular Activities**

6.6.1 General – Students may be offered an opportunity to participate in extracurricular activities and organizations. Extracurricular activities must meet the following criteria:

- a. The organization or activity must be approved by the school principal and must have an assigned faculty supervisor or sponsor;
- b. The organization or activity must promote or serve the intellectual, cultural, personal, or physical development of the student in a manner that  
  
Is consistent with the purposes of public education, the Board’s legal mandate, mission statement, policies, and regulations, and with applicable requirements of state and federal law;
- c. The organization or activity must operate under and subject to general supervision of school officials; and
- d. The nature of the organization and its activities are not inconsistent with and do not interfere with instructional activities of requirements.

Student participation or membership in such organization activities may be governed by the specific policies of the organization and is subject to review and approval by the principal.

6.6.2 Athletics – Participation in Board sanctioned athletic programs will be on such terms and conditions as may be approved by the Board and any athletic association of which the Board is a member. Schools may establish terms and conditions for participation in such programs as long as school eligibility criteria are not inconsistent with system-wide eligibility or participation criteria, rules, regulations, or standards established by any athletic association or organization of which the Board is a member, or any rule, principle, or provision of applicable law.

6.6.3 Academic Ineligibility –The Board prescribes the following regulations for eligibility in this school system to participate in all extracurricular activities.

Students entering Grades 10 through 12 must, for the immediate preceding school year, have passing grades of at least a 70 composite numerical average and earn the appropriate number of credits in each of six (6) subjects that total six (6) Carnegie units of credit, including four (4) credits from the four (4) core subjects composed of English, science, social studies, and mathematics.

- a. Physical education may count as only one (1) unit per year.
- b. No more than one (1) Carnegie unit may be made up during summer school. If a unit(s) or subject(s) is repeated in summer school, the higher numerical grade for the unit(s) or subject(s) may be used to compute the composite grade average.

- c. Eligibility will be determined on the first day of the local school year and will remain in effect for one (1) complete school year. Students ineligible at the beginning of an academic year may become eligible at the end of the first semester if they meet all academic requirements at that time. *Bona fide* transfers may be dealt with according to the rules of the Alabama High School Athletic Association for sports and rules to be developed by this Board of Education as they pertain to other extracurricular activities.
- d. Each eligible student must have a minimum composite numerical average of 70 on the six (6) Carnegie units from the preceding year, including summer school. Summer school work passed may substitute for regular school work repeated in computing the 70 average.
- e. Each eligible student involved in athletics must meet the definition of a regular student as defined by the Alabama High School Athletic Association.
- f. Any student who earns more than four (4) credits in the core curriculum in any given year or who accumulates a total in excess of the required four (4) per year may be exempt from earning the four (4) core courses in the succeeding year as long as that student remains on schedule for graduation with his/her class.

Students entering Grades 8 and 9 must, for the immediately preceding school year, have a passing grade in five (5) subjects with a composite numerical average of 70 with all other rules applying the same as to students in Grades 10 – 12.

Students promoted to the seventh grade for the first time are eligible.

For the purposes of this subsection, extracurricular activities associated with athletics are defined as those recognized and sanctioned by the Alabama High School Athletic Association, and other extracurricular activities are defined as those that are sanctioned by a public school that are not related to a student's academic requirements or success in a course(s). Regular curricular activities are defined as those that are required for satisfactory course completion. School sponsors are required to submit a request for each curricular activity that occurs outside the regular school day and/or school to the principal, Superintendent, and the local Board of Education for approval. Each request for full participation by all students, regardless of academic standing, in a curricular activity will be granted if the principal, Superintendent, and the local Board of Education approve participation in the activity as an extension of a course(s) requirement(s) and it is an event sanctioned by a state/national subject matter association. Notwithstanding anything to the contrary in this policy, student participation in extracurricular activities offered by the school through math, science, band, choral, music, and other courses at events such as athletic events (pre-game, game, halftime, or other breaks), club conventions, parades, amusement park trips and competitions, trips by tour companies, performance at various meetings, etc. are extracurricular, and students academically ineligible under this policy will not be allowed to participate.

## 6.7 ***Off-Campus Events***

Student participation in and travel to off-campus events, concerts, functions, and activities, and the use of school buses or other transportation for such purposes may be authorized under and subject to the following terms and conditions:

- a. The destination is an activity, event, or function that services a *bona fide* educational or related extracurricular purpose, or is an athletic event or function sponsored or sanctioned by the school or the school system and the state athletic association;
- b. Adequate information regarding the trip (e.g., destination, duration, purpose, and educational purpose, mode of transportation, nature and extent of student participation) has been provided to the principal, program director, and Superintendent.
- c. Adequate arrangements are made for supervision and other risk management considerations (e.g., parental permission, medical treatment authorization, special insurance requirements);
- d. Properly certified and qualified drivers have been selected and arrangements for the costs of the trip (e.g., salary, fuels, maintenance, lodging) have been made; and
- e. Board approval of the trip is required for overnight or out of state travel.

The Superintendent is authorized to develop additional specific requirements for participation in and travel to and from official events and activities that are consistent with the terms of this policy.

## 6.8 ***Student Publications***

The Superintendent is authorized to develop rules and regulations regarding student publications. Student publications are subject to and will be expected to meet standards associated with responsible journalism. The principal and student publication sponsor are responsible for the content of such publications.

## 6.9 ***Equal Educational Opportunities***

The Winston County Board of Education does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups.

## 6.10 ***Title IX***

6.10.1 Prohibition – In accordance with Title IX (20 U.S.C. §1681, *et seq.*), the Board strictly prohibits discrimination on the basis of sex or gender in its programs or activities, including sexual harassment, as defined by law and Board policy. Sexual harassment complaints should be filed and reviewed under the Board’s student sexual harassment policy. All other complaints under Title IX will be filed and reviewed according to the Board’s general complaint and grievance procedures.

6.10.2 Title IX Coordinator – The Superintendent is authorized and directed to designate a Title IX Coordinator, whose duties will include but not be limited to receiving and responding to Title IX inquiries and complaints.

## 6.11 *Student Sexual Harassment*

6.11.1 Sexual Harassment Prohibited – Sexual harassment in any form that is directed toward students is prohibited. Persons who violate the policy will be subject to the full range of disciplinary consequences up to and including termination (for employees) and expulsion (for students) as dictated by the nature and severity of the violation and other relevant considerations. If appropriate, the circumstances constituting the violation may be reported to law enforcement agencies or child welfare agencies for further investigation and action.

6.11.2 Definition – For purposes of this policy, sexual harassment means unwelcome sexual advances, requests for sexual favors, other physical or verbal conduct or communications of a sexual nature, and any other gender-based harassment, whether initiated by students, school employees, or third parties, when:

- a. Submission to the conduct is made explicitly or implicitly a term or condition of the student's education, including any aspect of the student's participation in school-sponsored activities, or any other aspect of the student's education;
- b. Submission to or rejection of the conduct is used as the basis for decisions affecting the student's academic performance, participation in school sponsored activities, or any other aspect of the student's education;
- c. The conduct has the purpose and effect of unreasonably interfering with a student's academic performance or participation in school-sponsored activities or creating an intimidating, hostile, or offensive education environment.

The following are examples of conduct that may constitute sexual harassment, depending on the circumstances:

- a. Verbal harassment or abuse of a sexual nature, including graphic comments, the display of sexually suggestive objects or pictures, and sexual propositions;
- b. Repeated unwelcome solicitations of sexual activity or sexual contact;
- c. Unwelcome, inappropriate sexual touching;
- d. Demands for sexual favors accompanied by implied or overt promises of preferential treatment or threats with regard to the student's educational status.

### 6.11.3 Sexual Harassment of Students

- a. *General* – It is the policy of the Board that sexual harassment of students by other employees is unlawful behavior and will not be permitted in the school setting. The Board is committed to providing an academic environment that is free of unlawful sexual harassment and will seek to utilize available measures to deter such conduct.
- b. *Sexual Harassment Defined* – Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly as a term or condition of the student's academic progress or completion of a school-related activity, or
  2. Submission to or rejection of such conduct is used as a basis in evaluating the student's performance in a course of study or other school-related activity, or
  3. Such conduct has the purpose or effect of substantially interfering with the student's educational performance or creating an intimidating, hostile, or offensive working environment.
- c. *Examples of Sexual Harassment* – Examples of sexual harassment include, but are not limited to the following: continued or repeated offensive sexual flirtations, advances or propositions, continued or repeated verbal remarks about an individual's body, sexually degrading words used toward an individual or to describe objects or pictures. Sexual harassment does not include personal compliments that are welcomed by the recipient.
- d. *Designation of Reporting Officer* – The Board hereby directs the Superintendent to appoint annually, prior to the beginning of the school year, an administrative employee to serve as the reporting officer for all complaints of sexual harassment involving students of the School System.
- e. *Reporting Incidents of Sexual Harassment* – A student who feels that he/she has been sexually harassed should report the incident to the school principal and the designated reporting officer. Such report shall be made as soon as possible after the incident or, if a series of incidents, as soon as possible after the latest occurrence.

Students are urged to make such report no later than ten (10) calendar days following the incident or the latest occurrence in the series of such incidents. The complaint may be made to the principal in person or may be made in writing, signed by the complainant, and then delivered to the reporting officer. If such report is first made verbally then it will be the responsibility of the complainant to reduce the same to writing and to sign the written complaint. Upon delivery of the written complaint to the reporting officer, he/she shall forthwith commence an investigation of such written complaint. Nothing herein shall relieve the principal or other school personnel from reporting wrongful acts against students to the Department of Human Resources as required by law.

- f. *Complaint Resolution Procedure* – Upon completing an investigation of the complaint, the designated reporting officer shall report to the Superintendent the results of the investigation of the complaint. Such report shall be in writing and a copy thereof shall be provided both the student and the charged employee or student. The school principal shall thereupon meet with the complainant and the charged employee or student, together with the designated reporting officer, and make every effort to resolve such complaint. If such complaint cannot be resolved at this level, the Superintendent shall report the same to the Board, and if in his/her discretion

it is warranted, he/she may recommend a hearing be held by the Board in accordance with the laws and statutes applicable to such charged employee's contract status.

6.11.4 Sexual Harassment Complaint Procedures Authorized – The Superintendent is authorized and directed to establish, implement and revise more detailed sexual harassment complaint procedures that are designed to provide students who believe that they are victims of unlawful sexual harassment with a thorough, discreet, and prompt internal procedure for investigating and resolving sexual harassment complaints. The procedures will be drafted so as to facilitate the gathering of relevant facts and evidence, permit timely assessment of the merits of the complaint, provide an opportunity for informal resolution of complaint where appropriate, eliminate any harassment that is established by the investigation, and prevent any retaliation based upon the filing of the complaint. The procedures will reflect due regard for the legal rights and interests of all persons involved in the complaint, and will be drafted, explained, and implemented so as to be understandable and accessible to all student population groups and ages.

6.11.5 Initial Confrontation of Accused Harasser Not Required – A student who invokes the harassment complaint procedure will not be required to present the complaint to the accused or suspected harasser for resolution. Students will be permitted to report allegations of suspected harassment to any appropriate Board administrator, teacher, counselor, or employee, and such persons have a duty to promptly refer such allegations to the Superintendent or to take such action as may be required by the procedures established under “Sexual Harassment Complaint Procedures Authorized” (6.8.3) above. In no case will any employee who is the subject of a complaint be permitted to conduct, review, or otherwise exercise decision-making responsibility in connection with the processing of the complaint.

6.11.6 Notice of Policy to be Promulgated – The Superintendent will promulgate and disseminate this policy and the complaint procedures to the schools and will take such other steps and measures as may be reasonably available and expedient for informing the school community of the conduct prohibited by this policy and the recourse available to students who believe that they have been subjected to sexual harassment.

## **6.12 *Protection of Pupil Rights Amendment***

6.12.4 Special Provisions for Certain Students – Students who are at least 18 years old and emancipated minors under state law will be allowed to take the above actions in lieu of their parents or guardians.

6.12.5 Additional Policies and Procedures Authorized – In consultation with parents, the Superintendent is authorized to develop additional policies, and arrangements to protect student privacy in the administration of protected information surveys and in the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The Board will directly notify parents of these policies and procedures at the beginning of each school year and after any substantive changes are approved.

- b. Students shall be allowed to express their beliefs about religion in homework, artwork, and other written and oral assignments free from discrimination based on the religious content of those

submissions. Homework and classwork assignments shall be judged by ordinary academic standards of substance and relevance, and against other legitimate pedagogical concerns, but may not be penalized or rewarded based on the religious content of the work.

- c. Students may pray or engage in religious activities or religious expression before, during, and after the school day in the same manner and to the same extent that students may engage in nonreligious activities or expression.
- d. Students may wear clothing, accessories, and jewelry which display religious messages or symbols in the same manner and to the same extent that students are permitted to wear other types of clothing, accessories, and jewelry that contain messages or symbols.

6.13.2 Procedures for Safeguarding Student Records – The following statements are taken from Accreditation Standards for Alabama Elementary and Secondary Schools and are based on Public Law 93-380. The statements that follow shall govern the use of student cumulative folders in all schools of the School System:

- f. Whenever a student has attained 18 years of age or is attending a postsecondary education institution, the permission or consent required of and the rights accorded to the parents shall thereafter only be required of and accorded to the student.
- g. Education agencies are required to inform parents and students who are 18 years old of their rights relative to this section.

6.14 ***Harassment, Violence, and Threats of Violence Prohibited***

6.14.1 Prohibition - No student shall engage in or be subject to harassment, violence, threats of violence, or intimidation by any other student that is based on any of the specific characteristics that have been identified by the Board in this policy. Students who violate this policy will be subject to disciplinary sanction.

6.14.2 Definitions –

- a. The term “harassment” as used in this policy means a continuous pattern of intentional behavior that takes place on school property, on a school bus, or at a school-sponsored function including, but not limited to, written, electronic, verbal, or physical acts that are reasonably perceived as being motivated by any characteristic of a student, or by the association of a student with an individual who has a particular characteristic, if the

characteristic falls into one of the categories of personal characteristics set forth in Section 6.28.3(b) below. To constitute harassment, a pattern of behavior may do any of the following:

1. Place a student in reasonable fear of harm to his or her person or damage to his or her property.
  2. Have the effect of substantially interfering with the educational performance, opportunities, or benefits of a student.
  3. Have the effect of substantially disrupting or interfering with the orderly operation of the school.
  4. Have the effect of creating a hostile environment in the school, on school property, on a school bus, or at a school-sponsored function.
  5. Have the effect of being sufficiently severe, persistent, or pervasive enough to create an intimidating, threatening, or abusive educational environment for a student.
- b. The term “violence” as used in this policy means the infliction of physical force by a student with the intent to cause injury to another student or damage to the property of another student.
- c. The term “threat of violence” as used in this policy means an expression of intention to inflict injury or damage that is made by a student and directed to another student.
- d. The term “intimidation” as used in this policy means a threat or other action that is intended to cause fear or apprehension in a student, especially for the purpose of coercing or deterring the student from participating in or taking advantage of any school program, benefit, activity or opportunity for which the student is or would be eligible.
- e. The term “student” as used in this policy means a student who is enrolled in the Winston County School System.

#### Description of Behavior Expected of Students

- a. Students are expected to treat other students with courtesy, respect, and dignity and comply with the Code of Student Conduct. Students are expected and required (1) to comply with the requirements of law, policy, regulation, and rules prohibiting harassment, violence, or intimidation; (2) to refrain from inflicting or threatening to inflict violence, injury, or damage to the person or property of another student; and (3) to refrain from placing another student in fear of being subjected to violence, injury, or damage when such actions or threats are reasonably perceived as being motivated by any personal characteristic of the student that is identified in this policy.
- b. Violence, threats of violence, harassment, and intimidation are prohibited and will be subject to disciplinary consequences and sanctions if the perpetrator of such action is found to have

based the prohibited action on one or more of the following personal characteristics of the victim of such conduct:

1. The student's race;
2. The student's sex;
3. The student's religion;
4. The student's national origin; or
5. The student's disability.
6. The student's imbalance of strength, power, or influence; or
7. Other personal characteristics which motivated the action.

- c. Except as otherwise provided in this policy, the expectations of students expressed herein are not limited to behaviors which occur only on school grounds. This policy is premised on the notion that violence, threats of violence, intimidation, bullying and cyberbullying of one student by another may be detrimental to the best interest and welfare of students and disruptive of the opportunity for student learning in Winston County Schools without regard to the location where such behaviors occur. It is acknowledged that in some situations the nexus between the regulation of such unacceptable behaviors and Winston County Schools' interest in providing a safe environment for its students may be remote and thus not an appropriate basis for school disciplinary action. However, where the offending behavior causes a material and substantial disruption to school activities or undermines the ability of a student to learn in a non-hostile environment, students violating this policy may be subject to discipline regardless of where the offending conduct occurs.

6.14.3 Consequences for Violations – A series of graduated consequences for any violation of this policy will be those outlined in the Code of Student Conduct or any rule or standard adopted under authority of this policy.

6.14.4 Reporting, Investigation, and Complaint Resolution Procedures -

Complaints alleging violations of this policy must be made on Board approved complaint forms available at the principal and/or counselor's office. The complaint must be signed by the student alleging the violation or by the student's parent or legal guardian and delivered to the principal or the principal's designee either by mail or personal delivery. At the request of the complaining student or the student's parent or legal guardian, incidental or minor violations of the policy may be presented and resolved informally.

Upon receipt of the complaint, the principal or the principal's designee will, in their sole discretion, determine if the complaint alleges a serious violation of this policy. If the principal or the principal's designee determines that the complaint alleges a serious violation, the principal or the principal's designee will undertake an investigation of the complaint. The investigation will entail the gathering of relevant facts and evidence and will be conducted in a reasonably prompt time period taking into

account the circumstances of the complaint. If the investigation establishes a violation, appropriate disciplinary sanctions will be imposed on the offending student(s). Other measures that are reasonably calculated to prevent a recurrence of the violation(s) may also be imposed by the principal or the school system. The person reporting the violation may, upon request, be given an explanation of the outcome of the investigation and of any steps taken to prevent a recurrence of the violation, subject to any limitations on the disclosure thereof that may be imposed by law. A person reporting a violation who is not satisfied with the outcome of the investigation may appeal the decision in writing to the local Superintendent.

Acts of reprisal or retaliation against any student who has reported a violation of this policy or sought relief provided by this policy are prohibited, and are themselves a violation of this policy. Any confirmed acts of reprisal or retaliation will be subject to disciplinary sanctions that may include any sanction, penalty, or consequence that is available to school officials under the Code of Student Conduct. A student who deliberately, recklessly, and falsely accuses another student of a violation of this policy will be subject to disciplinary sanctions as outlined in the Code of Student Conduct.

The complaint form developed to report violations of this policy will include a provision for reporting a threat of suicide by a student. If a threat of suicide is reported, the principal or the principal's designee will inform the student's parent or guardian of the report.

6.14.5 Promulgation of Policy and Related Procedures, Rules, and Forms – This policy and any procedures, rules, and forms developed and approved to implement the policy will be published, disseminated, and made available to students, parents and legal guardians, and employees by such means and methods as are customarily used for such purposes.

#### 6.15 ***Student Health Services***

The Board may offer limited student health services that are designed to address minor medical issues that may arise during the school day or to assist with special or chronic health problems. In cases of acute or contagious illnesses, parents or guardians may be notified and required to pick up the student. If a parent or guardian is not available, the principal or school nurse may contact the Department of Public Health. School officials are authorized to take reasonable and appropriate steps to provide or arrange for the provision of emergency medical services to students who require immediate medical attention. In case of illness or accidental injury not requiring immediate medical attention, standard first aid procedures may be followed. The Superintendent is authorized to develop and promulgate procedures, rules, and regulations concerning the taking, administration, and handling of medication at school consistent with state law and appropriate health standards.

#### 6.16 ***Corporal Punishment***

In order to establish and maintain an educational climate conducive to learning, the Board permits reasonable corporal punishment of students in the schools of the School System. If such punishment is required, it shall be administered with care, tact, and caution. Corporal punishment shall be administered by the Principal/Assistant Principal with a witness or a teacher with the Principal/Assistant Principal as the witness.

In all cases, corporal punishment shall be administered in accordance with the following guidelines:

- a. In cases where a student maintains innocence of the offense, a brief but adequate statement of the reasons and supporting evidence shall be given orally to the student with an opportunity for the student to explain his/her sides of the situation. Based upon all facts, if the situation warrants it, corporal punishment may then be administered without delay.
- b. A teacher with a certified employee as a witness may punish corporally.
- c. Corporal punishment should not include more than three (3) licks administered to the buttocks.
- d. The person administering the corporal punishment will document it and submit the documentation to the Principal.
- e. School Principals/Assistant Principals or teachers who have administered corporal punishment shall provide the student's parents or guardians, upon request, a written explanation of the reason(s) and the name of the witness upon request.
- f. Corporal punishment shall be administered in the office of the Principal or in such place or places as may be designated by the Principal.
- g. Corporal punishment shall not be administered in the visual presence of other students.
- h. Those administering corporal punishment shall consider the age, size, sex, and overall physical condition of the student.

#### 6.17 ***Student Conduct***

The Superintendent will prepare and present to the Board for adoption and periodic revision a Code of Student Conduct ("CSC"), with input from teachers, school personnel, Student Conduct students, parents and guardians, and other members of the education community and, as appropriate, the community at large. The CSC will comprehensively describe the rules and standards of conduct and discipline that will be maintained and enforced within the Winston County School System. The CSC will set forth the specific grounds for disciplinary action, the penalties, sanctions, or consequences that may be imposed for a violation of the CSC, the methods and procedures by which violations of the CSC will be determined, and any appeal or review procedures that are available to students. The CSC will incorporate applicable statutory and regulatory requirements, and the hearing and appeal procedures specified in the CSC will conform to applicable statutory and constitutional standards and requirements. The CSC may be incorporated in a student handbook and will be made available to all teachers, school personnel, students, parents and guardians at the beginning of each school year. The CSC will be deemed an extension of Board policy and will have the force and effect thereof.

#### 6.18 ***Student Discipline***

Each classroom teacher will deal with general classroom discipline by taking in class action, by telephoning the parent(s) or guardian(s) when feasible, and/or by scheduling conferences with parent(s) or guardian(s) and other school staff. Only when the action taken by the teacher is ineffective, or the violation is severe, should the student be referred to the principal or his/her designee. In no case shall a student have his/her grade lowered as a method of discipline/punishment.

6.18.1 Seclusion & Restrain for ALL Students - Winston County Schools shall prohibit the use of Seclusion – a procedure that isolates and confines the student in a separate, locked area until he or she is no longer an immediate danger to himself/herself or others. Seclusion does not include, so Winston County Schools shall allow, the following situations: a staff member trained in the use of de-escalation techniques or restraint is physically present in the same unlocked room as the student; time-out as defined below; in-school suspension; alternative school; detention; or a student-requested break in a different location in the room or in a separate room.

3. The student is reasonably monitored by an attending adult who is in reasonable physical proximity of the student while in time-out.
4. The time-out space is free of objects that unreasonably expose the student or others to harm.

Winston County Schools shall prohibit the use of **Prone Restraint** – a student is intentionally placed face down on the floor or another surface, and physical pressure is applied to the student’s body that restricts the flow of air into the student’s lungs.

Winston County Schools shall prohibit the use of **Chemical Restraint** – any medication that is used to control violent physical behavior or restrict the student’s freedom of movement that is not prescribed treatment for the student’s medical or psychiatric condition.

Winston County Schools shall prohibit the use of **Mechanical Restraint** – the use of any device or material attached to or adjacent to a student’s body that is intended to restrict the normal freedom of movement and which cannot be easily removed by the student.

Mechanical Restraint *does not include*, so Winston County Schools shall allow, an adaptive or protective device recommended by a physician or therapist when used as recommended by the physician or therapist to promote normative body positioning and physical functioning, and/or to prevent self-injurious behavior. In addition, mechanical restraint does not include seatbelts and other safety equipment when used to secure students during transportation.

Winston County Schools shall prohibit the use of **Physical Restraint** – direct physical contact from an adult that prevents or significantly restricts a student’s movement except in those situations in which the student is an immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions including verbal directives or other de-escalation techniques. *Physical restraint shall not be used as a form of discipline or punishment.*

Physical Restraint *does not include*, so Winston County Schools shall allow, limited physical contact and/or redirection to promote student safety or to prevent self-injurious behavior, providing physical guidance or

prompting when teaching a skill, redirecting attention, providing guidance to a location, providing comfort, or providing limited physical contact as reasonably needed to prevent imminent destruction to school or another person's property.

Winston County Schools shall utilize the following procedures for use of Physical Restraint:

- f. Annual report to the Winston County Board of Education for:
  1. Use and documentation of restraint
  2. Any prohibited use of seclusion, chemical, mechanical or physical restraint

Nothing in this policy shall be construed to prohibit an employee of Winston County Schools, any of its schools, or any of its program employees, from any of the following:

- a. Use of any classroom management techniques or approaches, including a student's removal from the classroom, that is not specifically addressed in this policy

- d. Reasonable action to obtain possession of a weapon or other dangerous objects on a student or within control of a student
- e. Discretion in the use of physical restraint to protect students or others from imminent harm or bodily injury. Nothing in this policy shall be construed to create a criminal offense or private cause of action against Winston County Schools, or program, or its agents, or employees.
- f. In instances in which a student is an immediate danger to himself or herself or others, the school or program must determine when it becomes necessary to seek assistance from law enforcement and/or emergency medical personnel. Nothing in this policy shall be construed to interfere with the duties of law enforcement or emergency medical personnel. Parents must be promptly informed when students are removed from the school or program setting by emergency medical or law enforcement personnel.

Personal searches will be conducted with due regard for the age and gender of the student. Searches that require physical contact between the school official and the student, removal of clothing, or examination of the student in a way that would implicate privacy concerns must be conducted and witnessed by officials of the same gender as the student and in a way that preserves the dignity of the student to the extent practicable under the circumstances.
