

Vision

Meek High School: Empowering Students, Creating Leaders, Transforming Lives

Mission

Meek High School will prepare students for success through by effective instruction and meaningful experiences.

Beliefs

The following beliefs form the core of our values: **TIGERS--Transform, Involve, Grow, Empower, Respond, Succeed.** These beliefs provide a strong foundation for an effective learning environment, thereby enabling students to take personal responsibility for their educational goals.

Positive Culture

Objectives

- We will improve our school's climate and culture through positive and motivational activities.

Critical Initiatives

- Provide professional development activities and training for faculty and staff to strengthen collegiality and explore ways to do the same for our students.
- Initiate recognition and incentive programs (i.e. student or teacher of the week/month program) to recognize excellence among our student body and staff.
- Hold Tiger LEAD meetings so that all students are connected with at least one faculty member who will guide students in areas such as emotional growth, school success strategies, and behavioral needs.

Key Measures

- Student, parent, and teacher surveys

Effective Instruction

Objectives

- Provide effective instruction to students through maximizing the curriculum and measuring growth.

Critical Initiatives

- Provide professional development on effective instructional strategies by holding a session with Dr. Barry Wiginton of Technology in Motion.
- Hold regular Response to Instruction meetings involving subject-area teachers where data is gathered and discussed, allowing for teachers to evaluate student growth.
- Seek to infuse the curriculum with the new digital literacy course of study standards. In-house professional development sessions held by the administrators and media specialist will be held.

Key Measures

- Teacher and student survey data

Current Technologies

Objectives

- Seek out technologies to maximize instruction, communication, and planning for success.

Critical Initiatives

- Utilize or purchase Newsela or similar programs to allow for more differentiation of instruction and hold PD to enable all teachers to use it.
- Purchase Smart Boards or Interactive Panels for more classrooms and the media center.
- Maximize social media usage and update our website to provide more effective communication to our stakeholders and to publicize positive information.

Key Measures

- Student assessment data

Key Measures

- Faculty, student, and parent survey results
- Student survey results
- Attendance and discipline data

Key Measures

- Lesson evaluations and peer review
- Student data tracking logs
- Lesson plan documentation
- PD documentation

Key Measures

- Teacher and student survey data
- Social media / website statistics
